

Please help put an end to Targeted Individuals, electronic harassment and electromagnetic mind control

Dear reader,

I have done my absolute best to make sure that this document has reached the right person, but in the unlikely event that it has not, please forward this email forward to the person who is in charge of looking into serious new human rights abuses to be investigated. Many thanks,

Mark Williams (BSc) (and Life Coach/therapist of 10 years)

INTRODUCTION

I am writing to you today to address a grave human rights abuse that is the most important of our time. I will go on to provide a huge amount of evidence as to why that is so. Please approach this issue with an open mind, as our future as free humanity depends upon it. The evidence includes credible whistleblowers from intelligence agencies, patents, studies, court cases (and wins), victim testimonies, scientific testing, leaked and de classified documents, large activist groups and so much more. I pray you will be able to see the point of view of mine and millions of other people that are affected by this horrendous crime in the UK and worldwide.

The issue that is the most serious of our time is the illegal use of remote electromagnetic mind control weapons on innocent members of the UK and public worldwide, by intelligence agencies, private security services, corporations and other rogue groups. These weapons are being used primarily as a system of government control on the general public. They are also being used for testing and control purposes to test the weapons efficiency on certain innocent civilians, aka **targeted individuals**. What's worse is that these crimes are not being stopped and every year numbers of victims increase significantly. Often the target has done nothing more than speak out about corruption, but many times they are chosen at random (see the goals of the targeted individual programme on page 7).

Sound unbelievable? Please read on as there is undeniable evidence including many strong whistleblower testimonies.

NOTE: I HAVE INCLUDED AN 'ESSENTIAL' LINK SECTION AT THE END OF THIS DOCUMENT THAT INCLUDES THE MOST IMPORTANT LINKS FROM THIS DOCUMENT FOR EASY REFERENCE. I URGE YOU TO TAKE THE TIME TO READ THE WHOLE DOCUMENT AND TAKE AN INTEREST IN THIS, BUT IF YOU ARE WANTING A QUICK REFERENCE [HERE](#) IT IS. PLEASE NOTE I HAVE INCLUDED SOME LINKS MORE THAN ONCE TO PROVIDE THE RELEVANT EVIDENCE FOR EACH SECTION.

IMPORTANT: Also please be aware that this document could actually be split into 3 main important topics. The main one is explaining the Targeted Individual Phenomenon, the second one is explaining

the current crisis, mind control and genocide from the rolling out of 5G phone networks [here](#) and [here](#). This 5G issue ties implicitly into the Targeted Individual phenomenon. The final issue is aimed at providing a good basic understanding of who really rules the world (see bottom of page 97) to understand where the corruption and mind control programmes are really coming from (the corruption needs to be stopped on all levels). In addition to this the leaked documents from <http://www.stopthecrime.net/> are of vital importance on page 59 in relation to the agenda being carried out on us and who is doing it.

WHO AM I AND WHAT IS THE SITUATION?

I am a Life Coach from Leeds and I am a strong advocate of local and worldwide change. I have fought for a better world and community both through social media and through promoting activism in Leeds for many years now.

However, I became aware of an issue that is very important. **I have become aware of a manipulation that people around the globe call electronic harassment through remote electromagnetic weapons.** This affects many people around the globe in devastating ways and ruins their life as outlined in greater detail in this document.

Electronic harassment is a form of terrorism and needs to be addressed in such a manner. In essence, is the use of modern-day computer programmes, microwave transmitters and satellites to send various electromagnetic frequencies that are used to exert control upon individuals and break them down using electronic torture methods. All done remotely! It can also be used to tamper with an individual's, or group's electronics such as their computer, phone and so forth by monitoring, disrupting and aiming to control every aspect of an individual's life. The basis of electronic harassment is surveillance through remote neural monitoring using satellite/ radar. Then once they have tracked an individual using satellite/ radar they can then electronically control, torture and harass them using microwave/ EMF weapons.

At first mention the above sounds far-fetched but the science is already here (and mind control technology has been used since the 1950's – see MK Ultra later). **What's more there are many whistle-blowers who've been involved in these crimes/ projects that have come forward to blow the whistle. There are also many websites and experiences of survivors that back up the whistleblowers testimonies.** Please see the patents that prove the existence of this technology below....

GENUINE PATENTS OF MIND CONTROL TECHNOLOGY

This is proof in itself of mind control technology...

<https://www.gangstalkingmindcontrolcults.com/list-of-patents-pertinent-to-mind-controlgang-stalking/>

I also just want to clarify before I continue that I am an **exceptionally** healthy individual who:

1. Exercises regularly and always has done.
2. Is very healthy and always has been.
3. Is not overweight.
4. Does not drink or do drugs.
5. Is not on any medication of any form.
6. Comes from a family with no history of mental illness.
7. Meditates regularly
8. Has always been into healthy living, eating and drinking
9. Practises and uses spirituality and personal development for well-being and healthy ways of thinking/being.
10. Believes and practises peace in his life.

The number of people affected by this issue are now growing in their millions worldwide (which includes thousands in the UK). Also, the vast majority of this crime goes unreported and victims often live in social isolation with this problem. **The people that have been affected by this 'electronic harassment' technology have collectively become known as the "targeted individuals."** It is not just a growing worldwide phenomenon, but is also a huge threat to our social security. Intelligence services, private security agencies, corporations and rogue elements of society are able to carry out these attacks remotely and get away with them with no specific legislation or laws for this technology that protects innocent civilians against the use of mind control weapons. It is for this reason that this crime almost always goes unnoticed or ignored by society which does not help the problem. **THIS MUST STOP NOW. The electronic Harassment/mind control problem is many times coupled with Gang stalking activity which makes this collective crime even more appalling. The two crimes are often run in conjunction: Electronic harassment plus gang stalking.**

Gang stalking is essentially a form of organized stalking and harassment designed to break down an individual, keep them quiet, destroy their life, leave them destitute and isolate them through tactics and fear. It is a programme that is largely being run worldwide by intelligence agencies, private security agencies, police, mafia, local criminals and even community watch groups as part of a wider government control agenda to keep people/ whistleblowers/ truth seekers quiet. It could be

compared to the Stasi police in Russia and the Gestapo in Germany. These operations/crimes still go on worldwide today under different names and guises.

This next link defines gang stalking well with many definitions (please read):

<https://www.urbandictionary.com/define.php?term=gang%20stalking>

"1. What is [gang stalking](#)

[Gang stalking](#) is simply a form of [community mobbing](#) and organised stalking combined. Just like you have [workplace mobbing](#), and online mobbing, which are both fully recognised as legitimate, this is the community form.

[Gang stalking](#) is [organised harassment](#) at its best. It the [targeting](#) of an individual for revenge, jealousy, sport, or to keep them quiet, etc.

It's organised, widespread, and growing. Some describe this form of harassment as, "A psychological attack that can completely destroy a person's life, while leaving little or no evidence to [incriminate](#) the perpetrators."

2. Who gets targeted

The people getting targeted seem to be (single) woman, minorities, outspoken individuals, whistle [blowers](#), dissidents, people who have gone against large corporations, etc.

3. Goals of this hate campaign.

The goal is to sensitize the target to a stimuli, [isolate](#) the target, make them [destitute](#). The secondary goals seem to be to make the target homeless, jobless, give them a breakdown, and the primary goals seems to be to drive the target to suicide...." PLEASE SEE THE ABOVE LINK FOR THE END OF THIS DEFINITION PLUS MORE DEFINITIONS.

With more and more people coming forward about electronic harassment (and gang stalking) it is something that the citizens of the UK and world need imminent help in protecting themselves against.

TERMS TO RESEARCH

If you would like to research this topic further the best terms to research are below, especially the first 4 (but the others also very useful to research):

1. Targeted individuals
2. Electronic harassment
3. Gang Stalking
4. Mind control
5. Remote neural monitoring
6. Brain computer interface (BCI)
7. Electromagnetic weapons

8. Directed energy weapons (DEWs)
9. Mind control weapons

Here is a quote from a targeted individual Magnus Olsen who is a credible researcher and engaged in heavy activism on the subject:

“Very few people are aware of the actual link between neuroscience, cybernetics, artificial intelligence, neuro-chips, transhumanism, the science fiction’s cyborg, robotics, somatic surveillance, behaviour control, the thought police and human enhancement. They all go hand in hand, and never in our history before, has this issue been as important as it is now. One reason is that this technology, that began to develop in the early 1950s is by now very advanced but the public is unaware of it and it goes completely unregulated. There is also a complete amnesia about its early development, as Lars Drudgaard of ICAACT, mentioned in one of his interviews last year. The CIA funded experiments on people without consent through leading universities and by hiring prominent neuroscientists of that time. These experiments have since the 50s been brutal, destroying every aspect of a person’s life, while hiding behind curtains of National Security and secrecy **but also behind psychiatry diagnosis.**”

This last statement is very true. I will go into this specifically later on how the modern-day psychiatry system has been used as a cover up for the use of these microwave/ EMF weapons under the guise of ‘mental illness.’

THE GOALS OF THE TARGETED INDIVIDUAL PROGRAMME

Electromagnetic weapons are being used for mind control, harassment, torture, slow kill purposes and even to drive the Targeted individual (TI) to suicide. No joke. **It is simply an unlawful practice carried out by government intelligence agencies, private security contractors and corrupt groups/corporations to keep people suppressed. The goal is to stop them speaking out against corruption in the government, intelligence agencies, corporations, the ‘deep state’ and against high profile corrupt individuals and groups. In its most general sense, it can be seen as a government control programme. In other cases, it is used for profit, revenge and trafficking purposes.** The goal is to subjugate targeted individuals and break them down mentally, emotionally and physically, ruin their life, and cause them to become mentally ill. Other goals include to slowly kill them through microwave irradiation and get them to commit suicide (which many have). **In addition, these weapons are used on the GENERAL public for mind control, suppression and depopulation purposes.** Please note that the people that have become known as ‘targeted individuals’ in society have been named as such because they are everyday citizens who have committed no crime and are not planning on committing any crime (or terrorist activity) and yet are being targeted **horrifically with these weapons of influence and torture.** This is wrong and is a crime under the Geneva convention and the UN and EU treaties - due to it breaking laws on surveillance, privacy, harassment and torture. Of course, it breaks UK laws in these areas also.

The goals of the targeted individual programme/ electronic harassment specifically are to:

- 1) Get you to commit suicide.

- 2) **Get you diagnosed with a 'mental illness,' taken 'out of society' and sectioned.**
- 3) Slow you down or take you off course.
- 4) Create huge fear and a variety of negative emotions
- 5) Make you too apathetic/ tired to do anything.
- 6) Create massive confusion.
- 7) Stop you from protesting or using your right to free speech if you are an activist (i.e. subvert the truth).
- 8) Isolate you from family and friends.
- 9) Destroy your relationships.
- 10) Take away your job/ livelihood
- 11) Basically, to destroy your life, job and livelihood.
- 12) **Keep them in power and the public blind to the corruption.**

THE GOAL OF THE TI PROGRAMME IS ALSO TO COMPLETELY DIS-CREDIT YOU IF YOU SPEAK OUT. THIS IS DONE BY TARGETED INDIVIDUALS MANY TIMES GETTING WRONGLY DIAGNOSED WITH A 'MENTAL ILLNESS' DUE TO PSYCHIATRY IGNORANCE ON THIS MATTER. THIS TAKES AWAY SIGNIFICANT NUMBERS OF TARGETED INDIVIDUALS 'CREDIBILITY' WHEN THEY SPEAK OUT, BECAUSE ALL OF A SUDDEN THEY ARE KNOWN AS SOMEONE WITH A 'MENTAL ILLNESS' WHO IS 'UNSUCCESSFUL' BY THE VIEWS OF SOCIETY.

Please also see this link below that explains the Targeted Individual programme goals:

<https://www.freedomsos.com/blog/the-monarch-program-targeted-individuals-and-the-bigger-picture>

This link mentions some of the goals of the targeted individual programmes:

<https://www.targetedjustice.com/what-is-a-targeted-individual.html>

This is a quote from the above link that gives us an indication as to who is behind this programme (I will go into this more later on).

“The wealthy Rockefeller family and the Council on Foreign Relations (CFR) provide the funding and control for this criminal enterprise.”

This is a doctor and whistle-blower that is exposing the issue of targeted individuals. From 7.00 to 10.15 minutes in the video he explains quite succinctly the main goals of the programme. **This is a doctor, so he knows the difference between genuine mental illness and symptoms created by electromagnetic weapons.**

<https://www.youtube.com/watch?v=vkT9ft-WyTk>

Here is another article calling for the need for new diagnosis of mental illness in the light of these electromagnetic weapons, as their use often get mis-diagnosed as a mental illness. The weapons have been designed in this way and psychiatry and mental health organizations mis-led, so that they and the public will not catch on. **Mental illness is the cover story used for these weapons.** There is the need for new awareness and training for doctors, psychiatry and mental health professions so new accurate diagnosis can be made. **This is very important!**

There is plenty more information online regarding the goals of the targeted individual programme.

WHO GETS TARGETED AND WHY?

1. An accurate cross section of society is taken (i.e. a range of different professions/ groups are taken). **Reason:** Firstly, to make it surreptitious and secondly so that an accurate cross section of society has been taken, so that they have good data on effective weapons testing. So that they know they have technology that will work on anyone.
2. People are selected based partly on geographical location. **Reason:** So that it makes the crime easier to commit and get away with as people are isolated victims.
3. Many people selected due to the fact that they are people who have little social standing or influence so no one will listen to them AND they will not be 'missed' or cared for should anything happen to them. These people often live in isolation with few family or friends. **Reason:** Generally, these people are the easiest to test for accurate data without retaliation.
4. Activists, truthers, whistleblowers, empowered individuals, those into 'truth' research. **Reason:** Simply to control, subjugate and take them off track to stop the truth getting out and to stop them from being able to empower others. ***The deep state does not like empowered or knowledgeable citizens that know the truth of the corruption. For videos on how the deep state operates see the Kevin Shipp videos in the whistleblower section.***
5. People are also being targeted because of their DNA. A whistleblower who testified to this was Carl Clark former CIA, MI5 and Mossad agent who was previously involved in this crime. **Reason:** DNA can show the individuals that are likely to be activists, outspoken and so forth. This crime runs very deep with big budgets that we as the people largely fund through income tax. The other sources of funding for this programme are groups (**like the council of foreign relations**), corrupt corporations, or individual elites with the power of money behind them.
6. People that already have a mental illness. **Reason:** Because they can experiment easily to see how their weapons work with no one thinking anything otherwise.
7. People that have sensitized themselves to this through drug use sometimes are targeted according to Dr Robert Duncan. **Reason:** The perpetrators of this crime can establish a stronger remote neural connection when an individual has taken certain drugs e.g. methamphetamines and cocaine.
8. Often those into spirituality and religion seem to get targeted more. **Reason:** The establishment does not want spiritually empowered individuals in society. The main tactics they use to keep us divided are fear, false flags, divide and conquer tactics and also suppression of knowledge of our divine inner nature or who we truly are. They do not want strong spiritual individuals bringing people together through love and knowledge. Another reason it seems that they use this technology on these groups is because in some ways they can far more easily get away with it. This is because these groups are far more likely to attribute the symptoms to spiritual phenomenon e.g. god speaking to them, a passed away relative speaking to them, spirits, archangels, Jesus etc. **Please note: I am not necessarily**

discounting the existence of any of these just simply saying that this technology can easily be mistaken for it. I have also seen some evidence that these programmes are being specifically used in this way with programmes to mislead people into thinking it is spiritual phenomenon e.g. the voice of god speaking to them etc, when in reality it is this technology.

9. You did something to upset someone in the government or a powerful corporation/ individual. **Reason:** Revenge, control, plus possible other reasons.
10. There are likely other reasons, here is a link below explaining some of the reasons:

<http://www.targeted-individuals.com/watchlists/4567974529>

I read that 5-10% of people targeted are in the 'activist' category broadly speaking and 90-95% fit into the 'testing' category and are selected accordingly. This seems to fit in with what I have observed of targeted individuals.

Please note: The weapons are being used for testing and control purposes, but even the testing is being done so that they have a more effective control weapon. This then can more accurately be used on many different groups and people for total global control according to my research. **The real use of these weapons is simply about total global control at the end of the day.**

So why have I been targeted with electronic harassment?

The reason I deem myself to have been targeted for so long is because of the following reasons. I was a person who was always into self-empowerment from a young age and read many books on the subject since 16 years old. Maybe I had certain traits that were deemed as being 'undesirable' because my goal was to set people free in opposition to their control agendas. **However, I have also spoke out extensively about this deep state 'system' and the corruption in government for many years now. This is by far the main reason I deem myself to have been targeted.** There is a good chance that I may have been targeted because of my DNA also. My targeting seems to only have developed in its scope, intensity and sophistication the more that I have spoken out about government corruption and **in particular the more I have spoken out about the danger of these mind control weapons.**

How many targeted individuals are there?

Please see the section on this later on. As a quick answer to this though there could be 0.7% of the US population. This is according to whistleblowers Richard Lighthouses work that is based on the watch list. Based upon a similar ratio in the UK and other countries worldwide there could be anywhere up to 70 million Targeted Individuals in the world already. Evidence has shown that this is a worldwide phenomenon that seems well spaced geographically.

WHAT IS THE SCIENCE BEHIND IT?

Before being targeted victims are surveilled and monitored first through 'remote neural monitoring' and are effectively mind mapped to find out about an individual's strengths and weaknesses, traits and so forth. Please google 'remote neural monitoring' and research. Then the targeting begins. For an understanding of the 'science' behind it I recommend reading this e-book by ex CIA/DOD

employee and whistleblower Dr Robert Duncan who actually helped create this technology. It is for this reason that he may be one of the best people you could speak to as he is irrefutable proof. Please do this!

http://targeted-individuals.co.uk/hive_minds_0_the_matrix_deciphered_robert_duncan.pdf

Please also see Dr Barrie Trower's videos below (and his videos in general) for an initial introduction into the science of how it works...

Please note that some of this mind control technology in my understanding is based on the microwave hearing effect which is a known and proven phenomenon since the early sixties. An example of the microwave hearing effect, or voice to skull (V2K) as targeted individuals know it is shown in the next diagram. As seen earlier there are many more mind control patents.

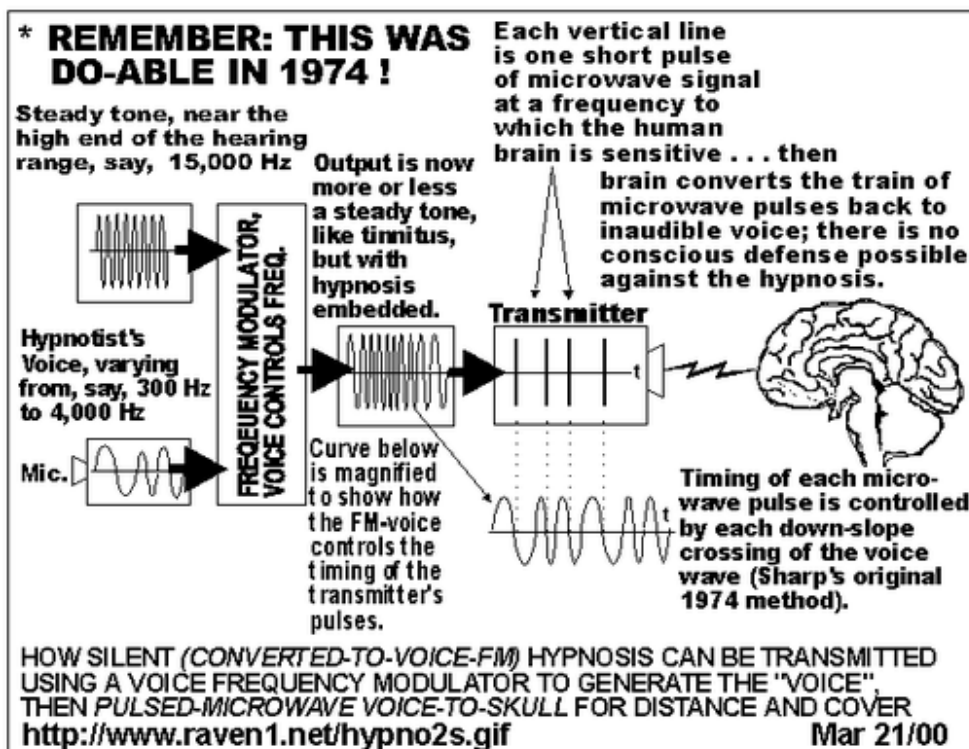

Diagram showing how voice to skull is done (V2K)

Quote:

"Voice to skull is the transmission of voice, or any other audible or subliminal sound, directly into the hearing sense of the mind control victim. This is sometimes done around the clock and can be one of the severest forms of torture."

This could be done in 1974!

Technological advances have been huge since then according to whistleblower testimony by Dr Robert Duncan.

This is a good link that shows the science of voice to skull.

http://www.eucach.org/v2k_voice_to_skull.html

Please also see the following link to see an overview of how the programme is run...

<https://www.targetedjustice.com/what-is-a-targeted-individual.html>

What modes are used to carry electronic harassment/ mind control?

There are 5 types of technology being used in the targeting:

- (1) Smart Metres
- (2) Microwave Satellites
- (3) Cell Towers
- (4) Portable units
- (5) Drones

Please read the rest of this link for more info on these...

<https://www.righthouse.com/technology-for-tis.html>

LEAKED GOVERNMENT MIND CONTROL DOCUMENTS...

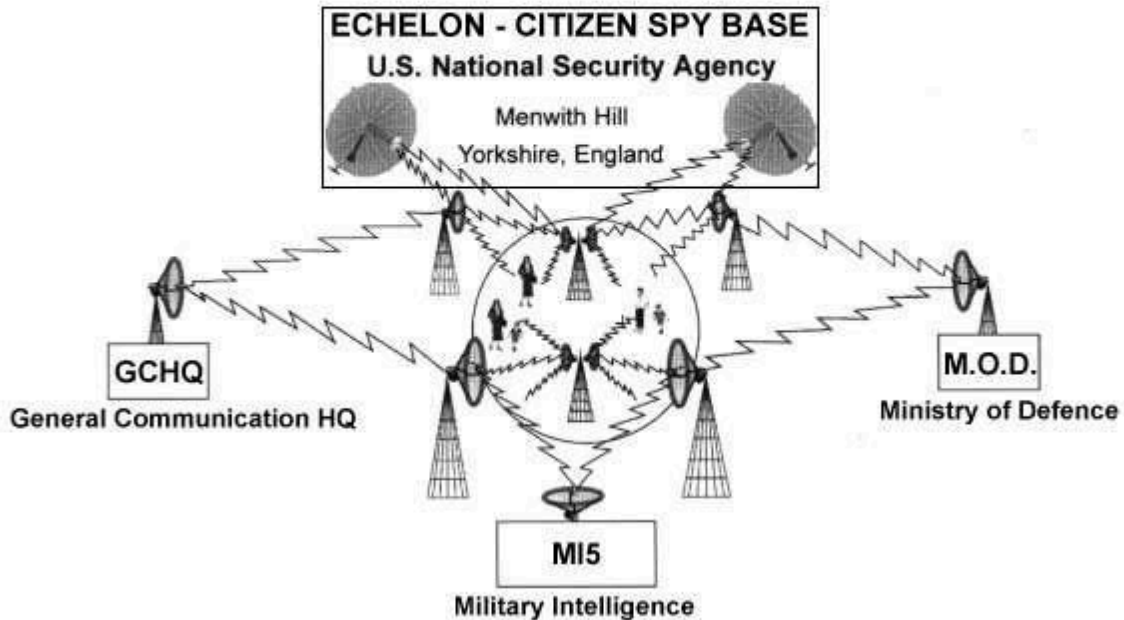

Please note how this next link correlates with everything I am saying in this email especially in terms of the mobile phone network being a big part of mind control operations. Please also note how the words 'mass' and 'individual' are used in the speech above the second diagram showing the cell phone towers. This shows that it is not just individual targeting that occurs for example with targeted individuals, but how mass mind control is being used on the masses also. **This is key because it affects me, you, everyone.**

<https://www.activistpost.com/2018/04/accidental-foia-reveals-mind-control-documents-heres-further-evidence-this-technology-exists.html>

I also include another picture that I believe to be from the same set of leaked documents showing government mind control through intelligence services. **Please note how Menwith Hill (an NSA US spy base near Harrogate in North Yorkshire) is mentioned as playing a key part in the attacks. Please remember this as this is one of the key facts of this whole document.** This should be one of the first areas of investigation i.e. finding Menwith Hill whistleblowers to speak out, putting pressure on government to investigate Menwith Hill and make it accountable.

An overview of how the weapons are deployed by the Mind Control Police

Mass Remote Mind Control by Blanket Coverage of the Population which is achieved via the Mobile Phone Network

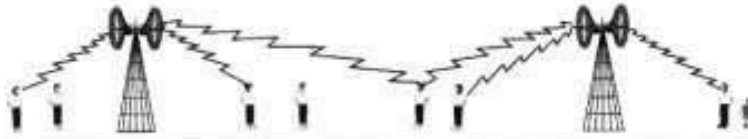

The below site explains covert terrorism in the UK very well and explains how both Menwith Hill alongside GCHQ in Cheltenham are involved in the targeting operations. In fact, this is an excellent site in general regarding the mind control operations in the UK and is worth exploring in depth.

DR BARRIE TROWER - WHISTLEBLOWER AND EX MI5 AND RAF AGENT

I would also like to share with you the following videos of former MI5/ RAF whistleblower, ex-government spy and microwave science specialist Barrie Trower.

<https://www.youtube.com/watch?v=JojdEH0nzos&t=937s>

<https://www.youtube.com/watch?v=aMMEQNnSZlo&t=132s>

The first link explains more generally about surveillance and targeting capabilities of groups and individuals. The second link more specifically explains how they target individuals. All Barrie's videos on You Tube are worth a watch. **By the way, Barrie's videos in and of themselves are irrefutable proof of mind control technology in the UK and worldwide.** Please speak to him, or preferably meet as a very first step. He could help you get a better understanding of the capabilities of these surveillance, targeting and mind control technologies and the way they are being used against innocent civilians.

SYMPTOMS OF ELECTRONIC HARASSMENT AND MIND CONTROL

Although I would boil down the symptoms of electronic harassment as being different for everyone there are a lot of very common elements that could probably be described as:

"Anything that you can think, say, feel, hear, see, smell or taste can be re-created in the same way via this electromagnetic weaponry. Basically, they try to control, torture and harass you with the range of symptoms they create. These could be anything from physical pains anywhere in the body, to mental fears, to any negative emotions, to torturous/ manipulating/ undesirable thoughts that are being transmitted. Anything to destroy your life, make you miserable and control you. Controlling your thoughts, life and actions are central alongside the torture/ harassment. Anything to 'neutralize' you and create a state of dissociation in and amongst the torture, fear and derailment they create is key to their programme"

However, I also found a long list of electronic harassment symptoms that includes any from the following list.

The name of the person who constructed this list is Phillip Douglas Walker and here is a site showing his existence:

Sources: Most of this list came from myself just picking my memory of what has happened to me. However I was not able to think up everything, so I have taken about 5-10 symptoms I have had that I could not think up from [this TI page](#), 1 bullet point came from [this video](#).

Symptoms at different stages of the programme:

The symptoms change with time in that they tend to get more severe as shown in the next link.

<http://satelliteterrorism3.blogspot.com/2010/12/dew-directed-energy-weapons.html>

I have listed this link as it gives a good analysis of the emotional, societal and spiritual symptoms (as opposed to just the physical and mental ones) that may appear in an individual's life. It is worth reading for better all-round understanding of the symptoms. The physical symptoms are listed two thirds of the way down this link too...

DIFFERENCES BETWEEN ELECTRONIC HARASSMENT AND MENTAL ILLNESS/ ANXIETY

Please bear in mind that although there are a lot of similarities between people's targeting, everyone's exact targeting is different. There are some similarities between electronic harassment and mental health/ anxiety conditions because the technology has been designed in that way. However, the overwhelming and vast majority of TI's do **NOT** have mental illnesses. **Also, there are differences in symptomatology for those that experience targeting as oppose to mental illness.** Some of the main differences are in and around the use of Directed energy weapons frequencies (DEWs) that are directed at the individual from microwave transmitters, such as cell phones and satellites. These have very distinct, sudden and unpredictable physical sensations that are different to mental illness/ anxiety. This is because they can be felt as more of an external phenomenon (something coming in from the outside) if you are aware. They also create internal feelings, sensations and pains as well as they target certain organs and the mind of the victim and so forth. DEWs can be felt and/or can leave obvious physical marks (damage). Anxiety or mental health conditions do not leave physical marks, or cause physical sensations in the same way that Electronic harassment can do. **So, the main difference is that Electronic Harassment is an external originating phenomenon whereas mental illness/ anxiety is an internal phenomenon. The difference can be felt especially when you become aware of the symptoms.**

SOME COMMON SIGNS THAT PEOPLE ARE BEING TARGETED

One of the most obvious signs that an individual may be suffering with electronic harassment is:

A complete feeling of dissociation and the inability to feel one's feelings. (See Robert Duncan's Matrix deciphered link above in the document).

And...

A feeling on the crown of the head from the satellite microwave pulses tracking them. Please see this test you can test for yourself in the next link...

<https://www.righthouse.com/everyone-is-being-tracked.html>

Part of the test from Richard Lighthouses website above (**former NASA employee with a masters in electrical engineering**) involves turning around and noticing where the cell towers are directing their microwave beams at you. There are typically at least four cell towers tracking at any one time according to Richard. I personally can feel these beams as they are hitting my head from 5 different angles as I turn around with my hand in front of my head. You may be able to feel these whether you are a targeted individual or not if everyone is being tracked in the US (according to whistleblower Richard Lighthouse) and possibly in most western countries.

As mentioned above there is a lot of 'microwave beam targeting' from cell towers that seems to be predominantly aimed around the head. Personally, I have noticed that I receive a lot of frequency that seems to be directed at my left ear region, no matter what direction I am faced. I believe this is because of the Voice to skull (V2K) attacks that I get. V2K is transmitted via the cochlear in the inner ear to the brain so it makes sense that much of the microwave beams get targeted here. **If you can feel microwave beams being strongly directed into the inner ear region this is another strong common sign you are being targeted (with V2K). This link explains the science of Voice to Skull.**

http://www.eucach.org/v2k_voice_to_skull.html

This link explains a little bit more about the microwave hearing effect. Note non-lethal weaponry is not an accurate description as the health effects can be seen clearly in the second link which is contained in the text body of the first...

http://en.mind-control.wikia.com/wiki/Microwave_auditory_effect

[Bioeffects of Selected Non-Lethal Weaponry](#)

I also found this in which someone is aiming to record V2K. Whether it works sufficiently I cannot comment but it may give good advice for how testing could be done if you want to test this yourself on victims of V2K.

https://www.reddit.com/r/TargetedEnergyWeapons/comments/58czed/dew_microwave_auditory_effect_measuring/

I also notice on the upper part of my forehead at times an almost consistent frequency beam being directed here. I do not know why this is so but it could be a common area that is targeted. This is where thinking, emotions, behaviour, personality and planning are controlled by the brain so it could make sense to target it continuously. **This could be another typical symptom amongst all targeted individuals affected with electronic harassment as I have spoken to others who have this symptom.**

However, it must be said symptoms can be felt anywhere and can be incredibly varied in scope and nature. Everyone's symptoms are a bit different. These are just four common signs according to my research that could mean an individual is getting targeted. Please look at the symptoms list earlier for 'full' diagnosis. It is also worth mentioning that Richard Lighthouse a whistleblower and ex NASA employee (and author of over 100 books) states with reliable referenced sources in the following link

that everyone in the USA is being tracked with satellite microwave pulses. Knowing the link between the US intelligence services/ NSA and the intelligence services in most western countries it's very possible that this tracking is happening to most people in all other western countries too (technology and greed spread). **It's worth mentioning that Richard Lighthouse mentions that the crown of the head is being tracked with satellite pulses on everyone in the USA and the head is being directed at with microwave beams from cell towers.** Well, let us draw a distinction between targeted individuals (like myself) who seem to get more severe symptoms (see symptoms list in symptoms section) and the average everyday westerner who is not a 'targeted individual' as such. This implies that we are all targeted individuals in a sense if everyone could be getting tracked and 'at the very least' subliminally programmed like it says in the following link. In all likelihood/ possibility there could be all manner of degrees of targeting in between for the average person from overt to subtle. **Therefore, one could say the only question is the level and degree of targeting of any person living in the western world.**

<https://www.righthouse.com/everyone-is-being-tracked.html>

So just to reiterate:

EVERYONE IS BEING TRACKED IN THE US BY SATELLITE MICROWAVE PULSES (AND MOST LIKELY IN THE UK AND PERHAPS ALL OTHER WESTERN COUNTRIES TOO). EVIDENCE FOR SATELLITE PULSING SATELLITE TRACKING CAN BE FELT ON THE CROWN OF THE HEAD. CELL PHONES DIRECT MICROWAVE RADIATION AND SUBLIMINAL MESSAGING TO THE HEAD. THE MICROWAVE BEAMS FROM THE CELL TOWERS CAN BE FELT ON THE HAND AS ONE TURNS AROUND 360 DEGREES WITH THE HAND IN FRONT OF THE FACE.

Please do the test to know for yourself that this satellite tracking is occurring

Again, if you have just skipped to this section, here is the website with the test below by highly respected scientist and ex NASA whistleblower Richard Lighthouse. He states from reliably sourced references that everyone is being tracked in the US by satellite microwave pulses. After my research showing the connections between the US and UK intelligence services and the degree of influence the US has on other major western countries it is almost certain that satellite microwave pulses are tracking everyone in the UK and maybe even all the other major western countries too. I do not know this latter statement as absolute fact but I believe it is so from my research. The article gives a test a person can do by putting their hand on the crown where the main satellite tracking occurs.

Please do this test for yourself from the link below as it may help assure you this is real.

Either way whether your test results give positives or not this IS a major issue worldwide – so please look at the whole breadth and scope of this evidence.

PROTESTS WORLDWIDE ON INTERNATIONAL

TARGETED INDIVIDUAL'S DAY

Many protests are starting to pop up around the world (see link below) and the number of participants is increasing as this cause gains more momentum and recognition. This includes in the UK too where more and more people are gaining awareness and/or becoming victims of this crime. There is now a worldwide targeted individual day every year on the 29TH August in many countries and a worldwide rally in Spring time. This is a crime as stated by Nuremberg principles and general UK law against torture, harassment, surveillance and experimentation.

TWO GREAT FULL LENGTH E-BOOKS THAT DETAIL THE USE OF MIND CONTROL TECHNOLOGY

Also, below are two full length e-books (the first one is listed earlier) that explain fully the situation and problems of targeted individuals and the technology behind it. I recommend reading the first e-book in particular as it is a whistleblower account of a Harvard scientist who worked for the CIA / DOD and worked on creating this mind control technology. Please bear in mind that mind control technology has been around since the 1950's and MK ultra (please see sections on MK ultra). The technology has also advanced much more since the 1950's in its sophistication and use. **Of all the links in this document the first link below will probably give you the best understanding of the science of the technology and the huge societal problem we are facing.** Like Dr Robert Duncan says, we are facing a potential globalization control problem (with a one world government that completely takes away our free will) and this technology is being used as a foremost weapon in its achievement. **This is significant proof of mind control due to Dr Robert Duncan himself working on these technologies.**

http://targeted-individuals.co.uk/hive_minds_0_the_matrix_deciphered_robert_duncan.pdf

This is also a good report worth reading by a well-known researcher in the field. It is very accurate and easy to read and sections things very well. It also offers some great suggestions for overcoming this problem later in the document.

WEBSITE PROVIDING LOTS OF EVIDENCE FOR TARGETED INDIVIDUALS PHENOMENON

This site is worth looking around as this is a site dedicated purely to court evidence for Targeted Individuals...

<https://www.targetedevidence.com/directed-energy-weapons.html>

Please also download the document called bioeffects of no lethal weapons that is listed in the same format as follows below from the above link as it is a declassified document showing how the Army use Microwave weapons on Targeted individuals.

[bioeffects_of_selected_non-lethal_weapons.pdf](#)

This is a quote from the document about the above PDF...

“United States Army Intelligence and Security Command admits in Freedom of Information Act (FOIA) initially classified SECRET but then declassified, that they use Microwave Weapons on Targeted Individuals (their words) in both Microwave Heating and Microwave Hearing, that can incapacitate the target or cause harm.”

HOW WILL THIS AFFECT FUTURE GENERATIONS IF WE DO NOT DO SOMETHING ABOUT IT?

If we do not do something about this it threatens our complete mental and personal freedom and our ability to decide! It will also affect the physical health of all of our children severely for generations to come due to the cancer-causing nature of excessive microwave radiation (see studies later). **We need laws passed to stop these violations against human rights.** Not only that but our spiritual selves will be violated and suppressed stopping spiritual growth and evolution. I could go into great detail here but it will become even more obvious as you read the document.

What will happen if we don't do something about this:

- 1) We lose our free will.
- 2) We are largely controlled externally by technology without people possibly even being aware that we are controlled (if the technology passes a certain level of sophistication). There is already a huge effect that these weapons are having on society with a lack of awareness that they are being used.
- 3) We suffer from the individual and collective physical health effects of microwave radiation and targeting e.g. cancer, infertility, mental health problems etc. There is already significant science showing these effects are on the rise exponentially in society – this is one of the main reasons why.
- 4) We lose the ability to feel our emotions. This is because this technology creates a dissociation effect in individuals. I can account for this.
- 5) We lose our sense of adventure and freedom. This technology dampens the spirit and ability to decide for oneself.
- 6) We become lazy and inactive. We do not progress (nor wish to) in society.
- 7) We live in an Orwellian control state for eternity (or at least for a very long time until something somehow changes). The longer we leave it the harder it may get to counter the effect of this technology.
- 8) We live in an artificial reality.
- 9) Everything we do, speak, desire or dream about is recorded. We are already living in this reality now to a greater or lesser degree according to the documents of famous whistleblower Edward Snowden.
- 10) There are EEG clones created 'digitally' for every human being. In other words they will have cloned/copied our brainwaves and therefore in essence copied our brains and what makes us unique. This is no joke and EEG/ mind cloning is already taking place.
- 11) From birth we are completely surveilled and controlled with these weapons. That would be a sad reality and is already transpiring now unless we stop it (Richard lighthouses states how even all children now are tracked by microwave satellite pulses).

Please see attached to this email the Targeted Individuals goal sheet (please send to others). This is something that I drafted up to show the main goals of Targeted individuals.

WHISTLE-BLOWERS AGAINST THE USE OF THIS TECHNOLOGY

Here is the list of whistle-blowers (see list 1 to 18 below). **Please speak to them in person or on the phone as a first step. PLEASE SPEAK TO THEM AS A PRIORITY.**

This link below also gives some of the main whistleblowers (there is some overlap with 1 -18 below). It is a good introduction to some of the main whistleblowers.

<https://www.biggerthansnowden.com/>

However, the other main reason I include the above website is to show that the 'surveillance' that famous whistleblower Edward Snowden talked about is only the tip of the iceberg. The issue is 'bigger than Snowden' because the worst 'evil' has been the continuous use of microwave mind

control methods and gang stalking. This is described in the 'about' section of this site (see link below). Surveillance is always a precursor to targeting. However, the surveillance that Snowden released NSA documents about was mainly 'metadata' surveillance. This proved that the NSA was recording everything that you 'do' and 'like' and so forth from phone tracking, internet and search monitoring, credit card purchases and other modes. This is different to 'remote neural monitoring' surveillance which is now being done on millions of citizens worldwide and monitors people's thoughts/ brainwaves. However, it is a good start that people are starting to become aware of the issue of 'mass surveillance' generally. It is worth noting that Edward Snowden mentions in one of his videos that I posted in his section further down (number 14) about remote neural monitoring. This proves that he knows this technology exists and therefore is fantastic evidence from one of the most famous and credible whistleblowers of all time.

<https://www.biggerthansnowden.com/about.html>

Another reason why progress is already being made against this technology is because the UK public AND human rights groups are more aware of the problem of mass surveillance. This cannot be shown any more clearly than by the fact that in a huge 2018 court case called '**10 human rights organizations v United Kingdom**' the ten human rights organizations won against **GCHQ**. Please see the link below for details.

<https://privacyinternational.org/feature/1673/snoopers-loophole-why-winning-against-gchq-bittersweet>

<https://privacyinternational.org/feature/2264/brief-history-10-human-rights-organisations-v-united-kingdom-legal-case>

<https://privacyinternational.org/press-release/2265/press-release-campaigners-win-vital-battle-against-uk-mass-surveillance-european>

Note: The whole website privacyinternational.org above is about the issue of overreaching state and corporate surveillance and is worth checking out in its entirety.

Why is this court case win significant?

Because it shows:

1. **The corruption in the British intelligence agencies (GCHQ).**
2. The alliance between the NSA and GCHQ in this corruption. We know from other sources the British and US intelligence services work together and that NSA and GCHQ work together.
3. Because the basis of the targeting problem is based in surveillance, exposing mass surveillance will go a long way to exposing the targeted individual operations! Now all that needs to happen is mass awareness specifically of remote brain activity surveillance (remote neural monitoring) and the electronic harassment that can result. Then, similar court cases can be won that help get specific laws passed to protect innocent civilians against this technology.

2. Dr Robert Duncan

I will post the link to his e-book again that I posted earlier. It is one of the most comprehensive accounts of the technology out there from a scientific perspective I believe.

8. Richard Lighthouse

An ex NASA employee and whistleblower with a Masters in electronic engineering. A well-rounded and intensive researcher.

<https://www.youtube.com/watch?v=d1tr1MoxSMA>

Here is Richard's website. It is one of the most informative sites on Targeted individuals on the internet. What I like about Richard's work is that he has drawn together well how the whole programme is operating on a worldwide level. He also (on his website and in his books) names and shames the people who he has researched and believes to be behind the targeted individual phenomenon. Examples include the heads of the departments of the intelligence agencies that are operating this programme, the people involved in the US air force (the people actually involved in operating the microwave/EMF weapons) and the companies that are implicitly involved through owning cell towers and selling microwave magnetrons to cell tower owners.

<https://www.righthouse.com/>

Here is his store where he has many free e-books on targeted individuals that I recommend reading.

<https://www.righthouse.com/store.html>

The two that I recommend reading that name and shame people in charge of these operations are:

Targeted Individuals and Airforce Space Command -

https://www.righthouse.com/store/p144/Targeted_Individuals_%26_Air_Force_Space_Command.html

And...

Cell Towers and Targeted individuals -

https://www.righthouse.com/store/p140/Cell_Towers_and_Targeted_Individuals.html

Although I have not looked through all these e-books, I believe he may name and shame others involved in some of his other e-books too, so it is worth looking through them to check.

Richard Lighthouse also talks about the numbers of targeted individuals in the US and worldwide.

<https://everydayconcerned.net/2018/10/17/richard-lighthouse-estimated-numbers-targeted-individuals-and-the-terrorist-watchlist/>

Just to reiterate Richard would also be one of the best people to contact as I have found his work to be the clearest and most precise out there. He understands how the programme runs and who is personally responsible better than anyone else I feel. He answers emails quickly also.

9. Dr. Tomo Shibata

Dr Tomo Shibata is one of the leaders in the field aiming to bring a new bill to get organized covert torture (i.e. electronic harassment/ gang stalking) banned on innocent civilians in the state of California.

10. Magnus Olsson

A successful business man turned victim of implanting technology.

and this video is another that was live on Russian TV (a ground-breaking step forward).

Magnus calls for a distinction in mental health professions between genuine mental health conditions and electromagnetic mind control weapon harassment.

11. Andy Lewis

Andy Lewis is an ex MI5 agent turned whistleblower. Here is his main site. Note that there are lots of his friends that are part of this website group that were also ex-military and have also been targeted. They are aiming to make progress for TI's together.

Please read his whistleblower story also. It is very revealing...

12. Dr Bill Deagle

Dr. William Deagle is a physician and government insider/whistleblower that worked at Shriever air force base. My understanding from my research is that a lot of the surveillance and electronic harassment of civilians worldwide may originate from this place. **Please see the diagram in the second link showing Shriever's part in the worldwide targeting. The first link is Dr Bill Deagle talking about his experiences at Shriever Airforce base in Colorado and their technological capability.**

13. Gary Owens

Gary Owens is head of the Targeted Individuals Association (TIA) that is the biggest association for Targeted individuals in the UK and for many other countries too (many countries also have their own branch of the TIA). **He may be one of the best people to read documents/ links from who is talking about it from a UK perspective and the UK intelligence agencies and perpetrators that are involved.** He also seems to know a lot about how the technology works if that is something you are specifically researching. **He is taking his court case to the European court of Human rights and is determined to win. When he does win then our cases will be settled on the back of that as members of the TIA (assuming all goes well). This is why he is one of the best people you could contact.**

Please read the first document below for an overview into how the Targeted individual programme is run. The other documents from 1-12 below are more to research specific areas. **This is one of the best documents you can read when researching how this operates in the UK...**

http://www.targeted-individuals.co.uk/targeted_individuals_program.pdf

Quote from the above pdf:

“Security Service Involved: In Britain it's the National Crime Agency, MI6, MI5, and Police authorities. I was told some years ago by Dr Barrie Trower (MI6) that he had been consulting on the use of Microwave Auditory Effect (MAE) with all UK police authorities. He started using the system in 1969 working for MI6 De briefing cold war spies. As MKULTRA supposedly ended in the USA due to the CIA having its budget withdrawn by congress, so instead they moved it to the UK using MI6.”

14. Edward Snowden

Possibly now the world's most famous whistleblower. Here is a You Tube clip that shows that he is aware of remote neural monitoring and the mind control technology, therefore he will be a good person to contact. In other words, he knows much more than just surveillance by 'meta data' (i.e. internet, phone etc), but knows about mind control surveillance (remote neural monitoring) and targeting. Another winner of the Sam Adams award for integrity in intelligence.

15. Tivon Rivers

Tivon Rivers was based in the UK at the US spy base Menwith Hill near Harrogate. He stated that he found documentation and evidence that stated that Menwith Hill are also part of the mind control targeting on local civilians. That doesn't surprise me considering it is an NSA base and the amount of documentation showing their involvement in this (see 2nd link below showing an NSA whistleblower document on mind control). The second document is an incredibly revealing document into the mind control operations of the NSA and a 'must' read.

16. Kevin Shipp

Kevin Shipp is another great whistleblower who talks about deep state corruption. He was highly ranked in the CIA. While not a main 'electronic harassment' whistle-blower he is great for understanding the wider context of why this is going on in relation to deep state corruption. He does mention targeted individuals in my knowledge, but more as a side topic.

17. Anonymous whistleblowers

NSA whistleblower

This is an incredibly detailed account by a whistleblower called Will Filer who was an NSA consultant. **With the NSA being the biggest global player in this is a must read to understand firstly what the NSA are doing and how. It is evil what the NSA are doing.**

18. David Robert Steele

Ex-CIA agent talks about Targeted individuals. Good general whistleblower to watch about the deep state also. David actually ran for president once and was a nominee for Nobel peace prize. He is credible.

<https://www.youtube.com/watch?v=I6TpsCM-XUo>

As you can see from this document there are an extraordinary number of whistleblowers that are Dr's of their field (or well qualified) and speaking out. This adds huge credibility to this cause.

Many of the victims I have observed are incredibly intelligent people and that is often why they are targeted.

There are also many more whistleblowers you can find online that have blown the whistle who have personally seen the corrupt use of these weapons.

CIA DE-CLASSIFIED MIND CONTROL DOCUMENTS

Here are some websites where you can see other many declassified mind control documents that provide PROOF that this has been tested on every day groups in society....

https://www.wanttoknow.info/mind_control/cia_mind_control_experiments_sex_abuse

<https://wakeup-world.com/2016/03/18/declassified-documents-disclose-cia-mind-control-programs/>

From the following link you can order 18,000 de-classified mind control documents directly from the government, go to www.wanttoknow.info/mindcontrol10pg#ciadocs. The 18,000 pages of documents released are only the tip of the iceberg. There are many thousands of pages that the CIA refuses to release. There are even more documents that were ordered destroyed by CIA Director Richard Helms in 1973 when he was tipped off that there was going to be a Congressional investigation into the CIA's mind control activities. I recommend making the investment on these articles. You think so much experimentation has been done without actually using this on more people!??

Also, here are some of the latest declassified MK ultra-mind control documents released in 2018. It is essential to know all documents to 2019 to piece together what is happening now...

See link below also - you may need to sign up to 4 shared site on this page, but if you sign up you have access to over 600 cases of electronic harassment abuse on top of the 300 in the link above. Please note these are just the people who have written a testimony. Many have not! **Also, I need to emphasize that there are many people who are being abused by this technology that do not know they are being abused.** The programme 'programmes' targets not to notice and/or the people suspect they just have bad luck/ a difficult life/ a mental health illness/ anxiety disorder and so forth. There are also many who know that they are being 'attacked' and mind controlled but do not know who is doing it, or where it is coming from. The latter was me for many years.

More on the Perpetrators

- * Intelligence agencies are used for their ability to keep secrets, superior funding, national security excuses, lack of true checks and balances, & propensity for criminal activity

As you can see intelligence agencies are the main perpetrators, but this crime goes many levels deep. In reality my research has shown that the orders come from higher levels outside the agencies. (see the section on groups that are behind this at the deepest level on page 59)

SOME HISTORY ON MIND CONTROL USE BY CIA/ UNITED STATES

Mk ultra experiments

The two links below help to provide the history to the worldwide mind control being conducted today. Back in the 50's, 60's and 70's the CIA engaged in mind control experiments on innocent civilians from many different walks of life in the MK Ultra experiments – see quote below from the next link.

“The scope of Project MK Ultra was broad with research undertaken at 80 institutions, including colleges and universities, hospitals, prisons, and pharmaceutical companies.”

The CIA claimed the experiments stopped but we see them continue to this day (with much more sophisticated and remote technology), hence the targeted individual's phenomenon. There are many whistleblowers from intelligence/ government agencies that can testify to this specific fact. Although Wikipedia focuses on some of the facts, they leave some of their 'facts' more 'neutral,

such as whether this programme continued. The programme did continue regardless of whether one calls it MK Ultra or not.

https://en.wikipedia.org/wiki/Project_MKUltra

Cointelpro

COINTELPRO was a project that was run from the FBI in the 50's, 60's and 70's that basically spied on and used horrific methods on certain groups. Here is a quote from the link below:

*“**COINTELPRO** (portmanteau derived from **Counter Intelligence Program**) (1956–1971) was a series of **covert**, and at times illegal,^[12] projects conducted by the United States **Federal Bureau of Investigation** (FBI) aimed at surveilling, infiltrating, discrediting, and disrupting domestic **political organizations**”*

Sound anything like Gang stalking? Yes, it does because it's basically the same programme that was **and still is** now being run across the world to this day to surveil, infiltrate, discredit and disrupt 'would be' terrorists. The problem is that millions of innocent people worldwide are getting targeted who are not criminals or terrorists and have no intention of committing a crime! Note how COINTELPRO was done to activists and groups and individuals that the FBI deemed as subversive (it still is). Note also how it was done to groups AND individuals (aka targeted individuals) and not just large groups or terrorist groups (it still is). Again, notice how the quote from the article below says that Cointelpro tactics are still used to this day! Yes, on innocent civilians because of government complete control agendas (and not just on REAL terrorists!). Note how the tactics are just the same then as today!

*“The FBI has used covert operations against domestic political groups since its inception; however, covert operations under the official COINTELPRO label took place between 1956 and 1971.^[12] COINTELPRO tactics are still used to this day, and have been alleged to include discrediting targets through psychological warfare; smearing individuals and groups using forged documents and by planting false reports in the media; harassment; wrongful imprisonment; and illegal violence, including **assassination**.”*

Notable targets of Cointelpro were Mohammed Ali and Malcom X

<https://en.wikipedia.org/wiki/COINTELPRO>

How does this relate to the UK?

There has been worldwide research/use of these things (including in the UK). However, to put things simply, the very same programmes that were largely started in the 'modern' USA are still operating today and have spread even more to the UK and other western countries (largely as part of a US complete globalization control agenda). * **The following link gives a little bit more info about mind control currently in the UK...**

<https://rense.com/general11/mm.htm>

*This is only partially true. Really the Vatican largely controls the world and runs the Crown of England. The US is run through the Crown and is a corporation. In a practical sense the Crown (UK), Vatican and US run the world together (Finance, religion, military).

SO WHY DO MANY PEOPLE STILL NOT KNOW ABOUT THIS?

1. **Mainstream media control and manipulation.**
2. Suppression of alternative media, or anyone who speaks the truth. Recently we have seen the deletion of many You Tube truth channels, social media accounts and so forth.
3. Control of people within the intelligence agencies by many tactics – Sworn secrecy oaths (despite corruption people will usually not speak out), compartmentalization meaning secrets can be held, non-full disclosure until an individual works their way to higher ranks, satanic ideology and brainwashing.
4. Lack of public awareness.
5. People don't care. People are so overworked, stressed and so forth that they have little time and energy to find out the truth. People do not want to know the sometimes-horrific truth of reality, they would rather not know.
6. Government propaganda, brainwashing and mind control. People think that we live in a modern world where governments in the western world are free from corruption. While there are plenty of good people within the government at the root of them there is still mass corruption including in the UK. In fact, in many ways the UK may well be one of the most corrupt countries (according to research) and yet one of the best at concealing.
7. Mass mind control technology itself is being used on the mass public.
8. Government classifications of mind control documents, advanced scientific research/ technologies. DARPA is known to be involved with this advanced technology research. Dr Bill Deagle talks about the advanced technology being held at Shriever air force base in the US that is highly classified. <https://www.youtube.com/watch?v=BzzKACyw7jc&t=224s>
9. People that blow the whistle on illegal operations are persecuted by the government. People usually have their lives, jobs, relationships and even family relationships destroyed. Often these days this is done not just by conventional methods (slander, defamation, stalking, harassment, lies, falsification, fraud etc) but by using this mind control technology alongside also.
10. **Diversion and distraction.** The system has been set up to keep people so busy and distracted. Just look at all the people who can't stop looking at their phones or playing with the latest app. It seems people these days don't have any time (or choose not to) to do alternative research to find the truth. This is what the deep state wants (note: the deep state is NOT a conspiracy term and really exists).
11. **Astroturf – The tactics of the government, intelligence agencies, military and big influential and corrupt corporations are to create dis-information. This is called Astroturf.** They put so much dis-information and propaganda out there that the average person cannot determine if any of it is true so they just give up and believe none of it. This is highly effective to the non-determined truth seeker. This is why discernment, facts, experience and looking at primary source evidence (whistle-blowers, patents, victim testimonies, court cases, studies) and reliable researchers is key. Even then a certain amount of open mindedness and joining the dots needs to be employed. People have died in history waiting to know 'all' the evidence rather than going off their 'intuition' to take action with the wide array of evidence (that at first sight may seem incredulous) that has been presented.

12. People say I know people who work in these organizations and they are not bad people. True, most people in government organizations are good people but the people who are not often hold the highest positions are generally corrupt (often funding sources corrupt individuals along the way). People become institutionalized. Maybe only 10% are corrupt – this is what the deep state operates on. They don't want everyone in government knowing all their secrets – departments are compartmentalised to stop everyone knowing what they are doing. Even people carrying out orders that can have destructive effects many times are not fully aware of the full negative nature (if at all) about what they are doing.

We are in an Orwellian state already in many different ways and furthering towards US globalization and control (or in reality furthering 'Crown' and Vatican control). The control of the many in the hands of a few elites/ bankers/ families/ groups is being achieved. That is not to discount the good work that many are doing in society and the positive emergence of mindfulness and the truth movement. **However, we need to care about these issues as a collective until the main 'bodies' who can rid the corruption from government, intelligence agencies, secret societies and corrupt corporations are active and getting results. Also, it may be said a critical threshold of awareness in society needs to be reached alongside this. Then we can free ourselves from this corruption and these weapons.**

The second affidavit is by a former FBI whistleblower Geral Sosbee.

"Geral Sosbee, JD, MA is a world-renowned FBI whistle-blower with postgraduate degrees in Law and English, an accomplished background as an attorney, judge, college professor, US Army veteran,

and FBI Special Agent, who has taught Law and English at universities in Texas, and became targeted after reporting internal crime and corruption to the FBI.”

It is worth contacting this group because I believe them to be the first of their kind in collecting legal affidavits. This is to help others targeting and become witnesses for others targeting too. Their aim is to help stop the targeting worldwide. Here is the home page and the about page.

THE MODEL STATUTE - ALSO RELATED TO THE JOINT INFORMATION TASKFORCE ABOVE (SEE LINK BELOW)

This is a model statute that can be used to help change the laws for a ban on all mind control weapons at any level – international, national, regional and so forth. Katherine Horton and the Joint information taskforce supports the Statute and **so it may be good to contact her about it.**

Please note that they are also looking for people to become a contact for the model statute in their area – would your team be able to help with this?? (it would help very much as you already have a legal model here to help!).

PLEASE SEE THE EXCERPT FROM THE ABOVE LINK ABOUT THE MODEL STATUTE:

“The Model Statute Initiative can be adapted for adoption by international Treaty Conference (as was the Land Mines Treaty Conference that Princess Diana helped successfully create), as well as by any legislative body at the international, national, provincial, state, regional, municipal or local level, and enforcement by the designated appropriate lawful authorities.

ELECTROMAGNETIC WEAPONS BREAK THE NUREMBERG PRINCIPLES

Finally, in the following link we can clearly see that the Nuremberg principles under the Nuremberg treaty are being broken. The Nuremberg treaty was made after world war 2 to make sure that a holocaust/ genocide would never happen again. Yet, we are letting another genocide happen right under our very noses with the use of electromagnetic weapons on targeted individuals. Also included in this are electromagnetic weapons being used on the general public (which will shortly include 5G phone frequencies as a key and worsening part of that).

https://en.wikipedia.org/wiki/Nuremberg_principles

Note: 3G and 4G are and have been a part of this slow kill genocide, but 5G is much more damaging according to literally thousands of scientists (see sections on 5G).

THE ESTIMATED NUMBERS OF TARGETED INDIVIDUALS

From the following link below researcher, whistleblower and ex NASA employee Richard Lighthouse deduces that there are 170,000 targeted individuals in the US (or 0.7%) with similar ratios in other countries based upon the terrorist watchlist. Based on this ratio this would give the number targeted in the UK to be 46,700. With this ratio applied worldwide it points to a phenomenal amount potentially up to 70 million worldwide. Remember also that many people do not even realize consciously that they are being targeted, due to the convincing mind 'programming' of the technology itself.

I think it's likely that based upon the ratio above given at 0.7% that this would be most western countries and possibly most highly developing countries like China and India. However, countries in the less developed world 'may' logically have lower numbers, due to financial, technological and 'threat' factors. Even so this would still point to numbers in the many of millions now worldwide.

<https://everydayconcerned.net/2018/10/17/richard-lighthouse-estimated-numbers-targeted-individuals-and-the-terrorist-watchlist/>

Another number that I saw quoted fairly repeatedly was 300,000 TI's in the US. This apparently was done with research from surveys done by The freedom from covert harassment and surveillance group (ffchs). See source here...

<https://www.biggerthansnowden.com/about.html>

Dr Robert Duncan (and other experts) talks about there being similar ratios of targeted individuals in different countries in comparison to the country's population size. This is stated in the Matrix Deciphered in the recommended e-books section of this document.

Note: the TI phenomenon is a worldwide phenomenon and Targeted individuals have been reported worldwide. However, they appear to be in the greatest numbers in the Five Eyes countries (see link below).

It is worth repeating that the TI community size is growing massively over the years. With growing numbers this problem needs to be stopped NOW while we still can.

https://en.wikipedia.org/wiki/Five_Eyes

Here is a quote from the following link giving this estimate also:

“There are over 300,000 Targeted Individuals in the United States and who knows how many thousands worldwide complaining of being chipped, bullied, harassed, gang stalked, raped, remote torture, cyber-attack, punished for whistle blowing, financial ruin, slander and rumour campaigns, psychologically targeted, religious harassment and many more.”

<http://sweden.fm/2017/05/08/usa-terrorist-watch-list-behind-of-ti-targeted-individuals-agenda-and-sweden-usa-terrormscience-agreement/>

Again, some experts believe there could be even more - potentially up to 70 million worldwide as quoted in the Richard Lighthouse article four links above. This is why we need your help to investigate.

Everyone in the US is being tracked by satellite microwave pulses

This is one of the most informative targeted individual websites in general, but specifically on this page. It is saying (and quotes its references) that everyone in the US is tracked by satellite microwave pulses. My research points strongly to the conclusion that it is most likely now the same in the UK and most western countries, as the US started these ‘mind control’ programmes and spread them around the world. * An example of this is the many US National Security Agency (NSA) spy bases you see positioned all around the UK and the world. My research points to them all running the same programmes in collusion.

<https://www.righthouse.com/everyone-is-being-tracked.html>

Please also see the first link below which shows an overview of how the targeted individual programme operates with the people and organizations involved. Like I previously mentioned, the research states that the research, invention and spread of this technology has come from the US. The

evidence in the research also suggests that mind control use has spread worldwide via the NSA US spy bases that the Americans have built across the UK and worldwide. This includes Menwith Hill near me in Harrogate (which some say is the largest US electronic collection base in the world). Research also shows vast information sharing between the American NSA in these UK bases and M15, M16 and GCHQ (see second link below for evidence). This information sharing, I believe is indicative of similar ways of operating and working together, which is likely I believe to include the mind control programmes as part of this collusion. It needs investigating for more clarity.

<https://www.righthouse.com/targeted-individuals.html>

<https://privacyinternational.org/press-release/1544/gchq-nsa-intelligence-sharing-unlawful-says-uk-surveillance-tribunal>

Join the dots together and it's not too hard to see what is going on and how the western countries of the world have colluded (or have been colluded) into this globalized world control plan to enslave the masses (see stop the crime documents later). Also, in this link below **see the pdf links of sworn affidavit of Ted Gunderson former FBI chief which shows how long the problem of gang stalking has been occurring** (very often the sister crime of electronic harassment). The problem of gang stalking is getting worse due to the numbers of complaints of gang stalking increasing over the years and the TI community growing significantly.

Ted Gunderson quotes that it is a nationwide ongoing operation in this sworn affidavit...

"It is my professional opinion, based on information sought by Mr Labella in this FOIA suit regarding "gang stalking", "gang stalking groups" and "gang stalking methods" reasonably describes an ongoing, active, covert nationwide program that is in effect today, and, based on my investigations and experience, has been operational since at least the early 1980's"

<https://www.righthouse.com/targeted-individuals.html>

I deem this site above to be one of the best researched sites on targeted individuals. The author and whistleblower is a very credible scientist and NASA whistleblower (so has first-hand experience of much of what he talks about).

Please see this quote from the above link:

"Targeted Individual" refers to Hate Crimes that are being orchestrated and conducted by the CIA, Air Force, FBI, DHS, and Mossad; globally affecting millions of people and their families. These Hate Crimes are a violation of fundamental human rights, International Treaties & the U.S. Constitution. For Air Force & CIA officers - it is an act of High TREASON and a War Crime under Article 32 of the Geneva Conventions. **It is estimated that there are about 170,000 Targeted Individuals in the U.S., and that it costs more than \$1MM per person per year, to operate the program.** The Council on Foreign Relations (CFR) provides the orders to the CIA and FBI, and this experimental program is administered worldwide."

William Binney and Kirk Wiebe survey

It is also worth contacting William Binney or Kirk Wiebe because they undertook the biggest Targeted individual survey ever done in 2017 regarding numbers, demographics, symptoms, experiences, etc (see link below). They will be using it in a court of law. I cannot find the results of the survey as it appears to be still being analyzed according to this link below (says near the top). However, it is worth contacting them and doing your own search at the time this reaches you, as they may just have released it by then and you may be able to find the results online.

As I said previously, please contact William Binney and Kirk Wiebe anyway (even if you can find the results online by the time this reaches you) as William Binney is one the most respected and well-known whistleblowers (and Kirk Wiebe is well known also).

MAP/ DATABASE OF TARGETED INDIVIDUALS

I have also managed to come across a database of Targeted individuals at the following site which gives their global positions marked on a worldwide map. There is also a pdf database document below showing the name, email and location of the specified targeted individuals. I will include both.

<https://www.savantsproject.com/database.html>

https://www.savantsproject.com/uploads/1/1/7/4/117451508/savants_project_ti_database_02.18.19.pdf

There is more information online that states the estimated targeted individual numbers. Please feel free to do your own research on this. **Please also bear in mind that this is only a mere sample of TI's who happen to know what is going on and have come across this site and entered their details.**

Mind control is not just used on targeted individuals, but used on the mass public which includes 5G

It is worth mentioning that these mind control crimes are not just isolated to targeted individuals. According to my research everyone has in some way become a targeted individual (**the system has become targeted**). Research suggests that everyone is being tracked and that everyone is being subliminally programmed by these programmes on a mass level (see link again below). The distinction is that 'targeted individuals' seem to get the most severe, wide-ranging and noticeable targeting symptoms, whereas for most people it seems to be just more subliminal programming according to Richard Lighthouse. It could also be said that many Targeted individuals do not even know that they are targeted as symptoms are meant to be as undetectable as possible. Many TI's also know that they are being targeted but have no idea what it is, or where it is originating from. I have met people for whom the latter two cases seem to be true. The latter case was myself for many years.

<https://www.righthouse.com/everyone-is-being-tracked.html>

This government document that actually quotes on the top of the second leaked document diagram...

“Mass and individual remote mind control via the mobile phone network and mobile phones”

<https://www.activistpost.com/2018/04/accidental-foia-reveals-mind-control-documents-heres-further-evidence-this-technology-exists.html>

Other reference articles I have for saying that everyone is being affected by large-scale mind control programmes come from many sources including this:

https://www.bibliotecapleyades.net/sociopolitica/esp_sociopol_mindcon10.htm

This video also talks of large areas the size of city centres being affected with the mind control on mass. It shows the sophistication of these programmes.

<https://www.youtube.com/watch?v=RSwTJMdaivI&t=3236s>

Please research for yourselves how 5G is being used for mass mind control. 5G phone networks are currently being introduced over the next couple of years to increase distribution, ease and power of mind control operations. This is because 5G will be a higher frequency and they will be distributed every 100/200m or so on lamp posts as opposed to just being transmitted via cell towers. Many more people could potentially be targeted.

A quote from Barrie Trower from the cooking of humanity video (1st link below) ...

“5G uses almost exactly the same frequency as known war weapons. That’s a fact. There is only an incredibly small difference between the two.”

He and others state that 5G is a frequency that is known to be a military crowd control method. This is being used on the public now for mass mind/ crowd control according to whistleblower testimony. Please see the 2nd link article below that outlines how 5G is a crowd control and mind control technology designed to enslave the masses.

<https://www.youtube.com/watch?v=sv1Y0UcV4UQ>

<https://newspunch.com/5g-frequency-crowd-control-weapons/>

This article also explains the enormous health risks. One of the most notable being that 5G has been proven to affect the oxygen uptake to cells in the body. This is very serious. See quote from the link below....

“The frequency of 60 GHz is the frequency at which oxygen molecules oscillate. 5G will disrupt the uptake of oxygen to cause oxygen deprivation to each cell at the level of the mitochondria. Without oxygen, the liver becomes congested and the body, and brain, begins to break down.”

<http://www.renegadetribune.com/the-planned-obsolescence-of-health-under-the-5g-grid/>

This is a good article from Barrie Trower that outlines the brain entrainment response and symptoms from microwave entrainment.

<https://EMFcommunity.com/barrie-trower-pulsed-frequencies-dangerous-human-brain/>

Barrie Trower also quotes in 'the cooking of humanity' video that anyone can be targeted at any time which shows you the extent and capabilities of the technology and how it can be used to turn people against you, create isolation in one's life and so forth.

Another source that talks about how 5G and cell phone towers are being used to increase mind control is this ebook from whistleblower Richard Lighthouse which I recommend downloading...

[https://www.righthouse.com/store/p140/Cell Towers and Targeted Individuals.html](https://www.righthouse.com/store/p140/Cell_Towers_and_Targeted_Individuals.html)

<https://prepareforchange.net/2018/09/05/voice-to-skull-technology-is-embedded-in-5g-mind-control-reaches-its-apex/>

The reason for my quote above saying that 'everyone has become a targeted individual' is because of the large amount of research that points towards a globalisation project for world control. This has been investigated by ex-NASA and author whistleblower Richard Lighthouse and many others and found to come back to the council of foreign relations and Rockefeller funding. Rockefeller is an elite central banking family. Please see links and the quote below taken from the second link.

<http://humansarefree.com/2018/07/follow-rothschild-soros-and-rockefeller.html>

<https://www.righthouse.com/attn-govt--military-personnel.html>

<https://www.righthouse.com/targeted-individuals.html>

“The Rockefellers and their allies have, for at least fifty years, been carefully following a plan to use their economic power to gain political control of first, America, and then the rest of the world. Do I mean conspiracy? Yes, I do. I am convinced there is such a plot, international in scope, generations old in planning, and incredibly evil in intent.”

- Congressman Larry P.

McDonald, November 1975.

Please specifically see in the last link in the second diagram the part about the council of foreign relations funding the deep state. The council of foreign relations has strong relationships to the most powerful elites in the world with the central bank connection (e.g. the Rockefeller family – see link) <https://www.newsbud.com/2011/11/30/the-rockefeller-world-council-on-foreign-relations-the-trilateral-commission/>). The corrupt central bankers are another key part in this investigation into targeted individuals and the **Rothschilds** and **Rockefellers** are two of the biggest players in the deep state.

Anyway, it may appear that I have digressed, but without tracing things back to where the funding and ordering for these targeted operations and mind control are coming from in the deep state it may be harder to obtain justice, hence why I have included the background to this.

Summary of estimated numbers of targeted individuals

In Summary, there are possibly 170,000 people in the US that are targeted individuals. There are probably similar amounts of targeted individuals (0.7%) in proportion to population size in all other western countries and up to potentially 70 million worldwide. Everyone is being tracked by satellite microwave pulses in the US and most likely in most other western countries. This is due to the relationship and influence the US has with other western countries and the worldwide distribution of US spy bases. In slightly less developed countries this is going on, but perhaps numbers are less proportionally. This is a worldwide problem. **Note: this figure is only quoting those that are overtly targeted with torture and harassment symptoms. Mass mind control on the other hand is far reaching and extends to all of us according to the research I have done. It is definitely going on and needs investigating.**

The main thing to take away is that this is a huge violation of human/privacy rights just looking at the microwave satellite tracking and remote neural monitoring aspects. When combined with the individual targeting of targeted individuals and mind control of the masses it is a truly horrendous crime that threatens to take away our free will and humanity.

I need to make it very clear that this problem is growing year by year as the numbers of targeted individuals rise and mass mind control grows. The technology is growing at an alarming rate in its sophistication and use according to Dr Robert Duncan. This is a warning and a wake-up call to step in now while we can to still fight this before it reaches the point of no return.

This article below shows that numbers are increasing every year as the 'terrorist' watchlist grows according to credible researcher Richard Lighthouse...

<https://everydayconcerned.net/2018/10/17/richard-lighthouse-estimated-numbers-targeted-individuals-and-the-terrorist-watchlist/>

I can confirm this from many sources including people who have been around in the Targeted Individual community for years who know how the number of TI's have shot up over the years and how the movement has grown.

HEALTH EFFECTS FOR TARGETED INDIVIDUALS

Targeted individuals are slowly being irradiated to death by microwave, electromagnetic, scalar and other weapons. It has been suggested that the people in charge of this are doing this not just for control, but for depopulation purposes **as according to the documents in the section about 'groups who are behind this' on p52**. The people behind this want more power and control and ultimately more resources, hence the main reason according to my research for their depopulation agenda. They also want to ensure that they have enough resources due to concerns of resources dwindling out in years to come.

Here are the health effects of microwaves on human beings that are being amplified through these mind control and genocide programmes:

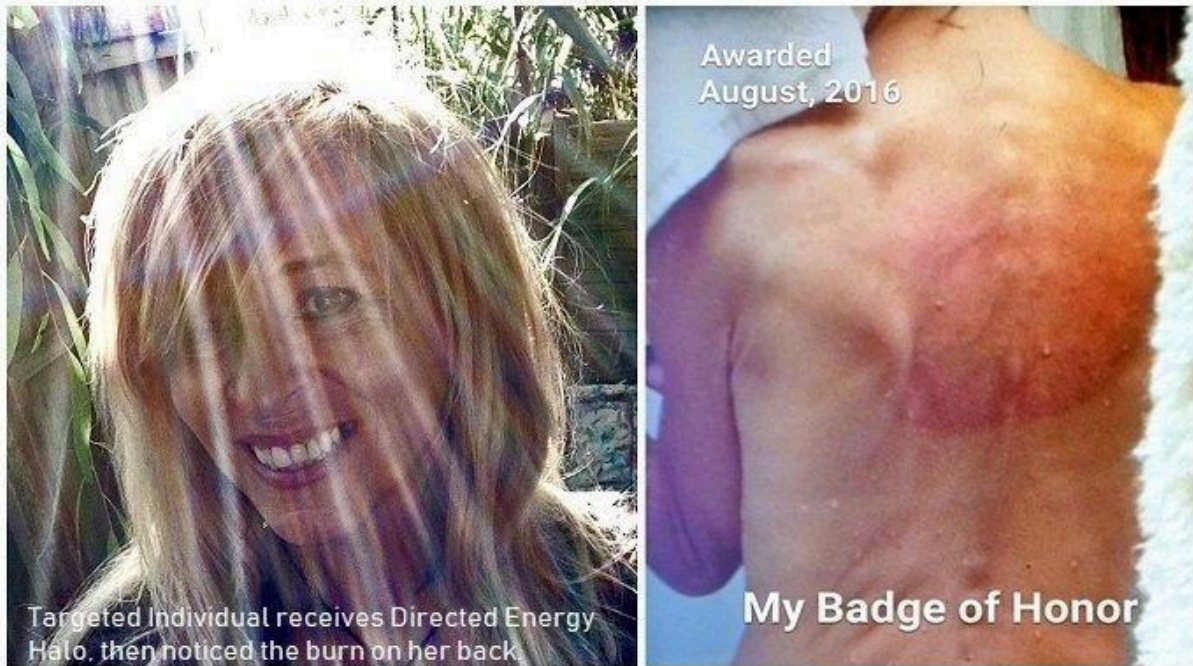

<https://exopolitics.blogs.com/files/health-effects-of-irradiation-with-dew-microwave-frequencies.pdf>

PHOTOS OF ELECTRONIC ABUSE

Please see the photos of the women in this link below who has been burned/ irradiated with directed energy weapons (DEWs). **This is a despicable crime!**

https://docs.wixstatic.com/ugd/e50b46_742f0c5c4af9430fad9283bc1d835879.pdf

Here is another victim in this picture of Directed Energy Weapon torture...

This is also a good site where you can see plenty of examples of one person's DEW's torture:

<https://jameslico.com/directed-energy-burns-and-boils/>

There are many more pictures of DEW torture online you can find.

THE HEALTH EFFECTS OF 5G PHONE NETWORKS AND HOW THIS TIES IN WITH THE TARGETED INDIVIDUALS, MIND CONTROL AND ELECTRONIC HARASSMENT PHENOMENON

I also want to talk about the effects of the 5G phone networks that are currently being rolled out. 5G phone networks massively tie into the issue of electronic harassment and Targeted individuals. 5G is one of the control 'weapons' being used according to Barrie Trower. They are military weapons that can be used to control the public through mind control. Also, there is enough research to know that these weapons have enough power that one cell tower could kill every person within a 40 mile radius. This article is verified factually below and shows their danger. Here is quote from the link also...

"and therefore, the FCC is allowing 5G phones to come to market that will have an effective radiated power that is ten times as high as for 4G phones"

<https://www.smombiegate.org/5g-from-blankets-to-bullets/>

Again, when we look at how the mobile phone cell towers are used as part of the TI phenomenon in diagram 1 in the link below, we can see how by putting a greater number of 5G transmitters out in public areas and cities they can increase the frequency (and distribution) and so the ability to mind control the public. As well as increasing the number of transmitters 5G in and of itself is a higher frequency than 3G and 4G. Please note this is agreed upon that cell towers are part of the targeted individual programme between almost every expert in the TI community. Here is the ebook link by Richard Lighthouse again that talks about how cell towers are used for mind control and how 5G is set to amplify this greatly, so that massive amounts of more people can be mind controlled more effectively.

<https://www.righthouse.com/targeted-individuals.html>

There is a lot of anti-5G sentiment and outcry in the scientific world right now (and from the general public). This is because many scientists believe it to be unsafe and cancer causing (which a significant number of studies have shown). These scientists assert that 5G is currently being rolled out 'illegally' without adequate scientific testing to prove it is safe. In fact, there have been many scientific studies done recently on EMF/ phone radiation/ 5G. **One of them (including the largest most in-depth study on cell phone toxicology) shows cell phone radiation to be cancer causing. Another one proving that 5G may cause permanent tissue damage even after short exposure. (see link below).**

<https://www.saferemr.com/2017/09/5g-wireless-technology-is-5g-harmful-to.html>

I am writing this section on the dangers of 5G not to replace the main issue of electronic harassment and targeted individuals, but to show how it ties into (and furthers) the mind control issue and how it is a genocide.

Please note that there is so much evidence and videos about the dangers of 5G – Please research! To reiterate there is massive campaigning against this by 230 top EMF scientists from 41 countries. Also, millions upon millions of civilians are campaigning against it (online and offline) and are getting noticed.

Please see these quotes also about EMF scientists and doctor support and see the link below for more information:

Concerns over health effects from higher radiation exposure include potential neurological impacts, infertility, and cancer."*

*"Moskowitz is one of the advisors to an earlier effort, the **International EMF Scientist Appeal**, a petition submitted to the United Nations and World Health Organization in 2015. The Appeal has now been signed by more than 230 scientists from 41 nations—all have published peer-reviewed research on the biologic or health effects of electromagnetic fields (EMF)."*

Here is another great video by Barrie Trower on the devastating effects of 5G and how those who are behind it are above the law:

<https://www.youtube.com/watch?v=MnArQm2Bxo4&t=951s>

Here is another link that shows how 5G is a military war weapon. The military and the MOD are the ones selling this frequency to EE, Vodafone, Three and other network providers.

https://www.youtube.com/watch?time_continue=1&v=z2hTtTF8gkU

Like I mentioned earlier, there is plenty more information on the internet stating that it is a military crowd control weapon. Please do your research.

So, in summary 5G can/ is being used to increase the level of the frequencies being sent to us to for depopulation purposes through its adverse health effects. It can also increase the ability to mind control innocent citizens through 5G's higher frequencies. 5G according to a significant amount of science has got very severe mental and physical health effects.

From the deepest level this is a Jesuit/ Christian Zionist agenda for world control (which I show in the links on page 86 titled who runs the world). They are using 5G to play a big part in this global control. Many of the other smaller groups responsible for this plan are also revealed in these links on page 86. These groups/secret societies own the majority of the major corporations including the telecoms industry which is responsible for 5G.

PROGRESS AGAINST 5G

Please see this link below. The website gives a model of how to approach the 5G issue to government or local councils particularly. This specific link gives a letter that can be sent to the council to expose 5G plans (make transparent). There is a word document of this at the bottom of this first link. They are actually trying to send Mark Steel to prison now unrightfully. He took Gateshead council to court and managed to get the court to say that 5G needs looking into because of the safety aspects towards humans. (see second link)

Can you please start a petition to get this discussed in the house of commons (100,000 signatures are needed) and market it widely in targeted individual's social media groups/ forums/ online and so forth.

I know from Gary Owens (president of the Targeted Individuals Association) that he now has compiled different petitions in which over 100, 000 Targeted Individuals have signed and they are starting a case with the international court.

THE GROUPS THAT ARE BEHIND THIS CRIME AT THE DEEPEST LEVEL AND WHY

The links below are all official government/ elitist criminal group documents that have been leaked and that can be traced back to the source to their source reliably. The site in which these documents have been obtained is <http://www.stopthecrime.net> . Deborah Tavaras from stopthecrime.net is one of the leaders in the field in putting on her site leaked documents that show this government and elitist globalization control agenda. This is a New world order they are creating, but they have successfully managed to dis-credit anyone who even mentions these terms as a conspiracy theorist by flooding the internet and mainstream news with so much propaganda and dis-information. When you listen to the whistleblowers and join the dots it is easy to see what's going on. Please note that the third document reveals a group called The Aquarius group who is said to be behind these mind control operations. **THEY NEED INVESTIGATING AND COULD BE ONE OF THE MAIN INVESTIGATING POINTS OF APPROACH. Please see this quote from the Aquarius Group briefing document below (link 3).**

“It is important to note - The Aquarius Group Operations is the primary control group of Mind Control procedures, and similar to Majestic 12 the Aquarius Group is a secret committee of scientists, military leaders, government officials and are many of the same corporate agencies involved in the NASA WAR Plan which are all behind these programs.”

Again, just to reiterate these documents I managed to download after hearing about them from one of the best sites on the internet that is talking about the global enslavement agenda called Stop The Crime **(of which mind control, mind control technologies, electronic harassment and targeted individuals play a central part)**. The site is led by a very intelligent and credible woman called Deborah Tavaras. Her bio is given at the start of the last link above. To stay in touch with what is going on in the world with regards to the globalization agenda this may be one of the best sites on the internet to read over time and sign up to the newsletters.

NOTE: This site is highly relevant because Deborah talks about ALL the methods being employed (not just mind control weapons) to control the public illegally and criminally. **Please read properly.** The second document titled NASA the future of war I deem to be particularly relevant.

<http://www.stopthecrime.net/>

In some ways these documents that give the background to the mind control programmes (in terms of the globalization agenda) are the most important documents that you could read. I recommend that you read all of them above (1-4). **Link number 4 above may be the best link for explaining the whole agenda clearly from this whole document. It explains how the mind control operations and agenda 21 are key parts of this control agenda and exactly how they plan on carrying it out. For this reason, number 4 is particularly useful to read and understand.** We are run by criminals.

HISTORY OF TARGETED INDIVIDUAL ACTIVISM

Please see this link below. Activism for Targeted Individuals is nothing new, but is reaching new levels of understanding and action. People are finally able to join the dots on the internet like never before. Let's stop this crime now – **it's gone on long enough!**

NANO TECHNOLOGY DOCUMENT

This shows the capability for control using Nano-technologies. Nano technologies are used alongside the mind control technology to make it more effective. It is an area worth researching.

A MOVIE BEING MADE

Dr John Hall is one of the whistleblowers I have listed and is behind this film which is said to be relying on filmed targeted individual testimony. I feel glad that this is starting to break into the mainstream, but we NEED support from you for this insidious crime.

FAMOUS TI's

Famous actor Stephen Shellen and Brian Harvey from East 17 are also TI's.

Incredibly famous talk show host Roseanne Barr also talks out against Mind control:

GOALS OF TARGETED INDIVIDUALS

- 1. Recognition by government that this phenomenon exists.**
- 2. To have laws passed that stop and protect innocent members of the public against electronic harassment and gang stalking.**
- 3. Justice in a court of law, deserved compensation and those responsible rightly imprisoned for the crimes they have committed (we want the quality of our lives back to where they deserve to be!).**
- 4. To have widely available technology counter measures that neutralise and/ or counter the EMF signals sent (fully comprehensive frequency jammers).** Other useful counter technology measures included in this may be technology that

can identify the source of where the frequency is coming from and technology that can record accurately the signals being received (the latter already exists but a specific one for 'targets' would be desirable).

5. To have awareness of the issue locally, nationally and in particular the mainstream media.
6. To have adequate support for those affected in whatever way is required whether that be counselling, integration back into society, local community groups and so forth.
7. For those in the psychiatry profession to be able to rightly identify the difference between electronic harassment and genuine mental illness / anxiety.
8. Scientific investigation into this targeted individual phenomenon that proves the causes and effects.
9. Recognition by the government into the harmful effects and mis-use of this technology including Directed energy weapons (DEWs) and the harmful effects of the 5G rollout.

POSSIBLE/ ADVISED GOALS FOR ACTION

My main goals for contacting you is so that you can:

1. Take the UK to court (and any other groups involved) to the European court of human rights (or wherever most suitable) just like the 10 human rights organizations did in the case '**10 human right organizations vs United Kingdom**' (which I am sure you are aware of). Please see the links here that explain this case: 1) <https://privacyinternational.org/feature/2264/brief-history-10-human-rights-organisation-s-v-united-kingdom-legal-case> 2) <https://privacyinternational.org/press-release/2265/press-release-campaigners-win-vital-battle-against-uk-mass-surveillance-european> 3) <https://privacyinternational.org/legal-action/10-human-rights-organisations-v-united-kingdom> **IN OTHER WORDS OUR MAIN GOAL IS THAT LAWS GET PASSED (THEN ENFORCED) TO PROTECT TARGETED INDIVIDUALS AND PEOPLE IN SOCIETY FROM THIS EVER HAPPENING AGAIN!** This would be mine and most Targeted Individuals main call to help from you I feel.
2. Continue to demand repeatedly that MP's discuss and vote for this in the house of commons to get laws passed to protect targeted individuals and the general public from mind control weapons. If not/and start an online petition and raise awareness for people to sign it so that it gets enough signatures for it to be discussed and voted for in the House of Commons.
3. Raise awareness in society. Possibly even via billboard campaigns nationally so that victims can identify themselves and then come forward. **Please see the links below and see the contact details for Ella Free.** She is an individual that organises these billboard campaigns

that have been shown in many places in the US, Canada **and now even in the UK near Heathrow!** (see 4th picture down in the first link below). The first link is a picture of the billboards and the second and third are contacting her via an organization she is a part of, or contacting her via her You Tube channel (two options).

<https://www.freedomfortargetedindividuals.org/contact-us> OR

<https://www.youtube.com/channel/UC9-Mn8xGQpTpuY-6kGQByLg/featured> There are many other ways to raise awareness. Please see the activism part of this document below this section for ideas related to Targeted individuals e.g. nationwide leaflet campaigns through the doors of citizens and so forth.

4. **RAISE AWARENESS IN THE MAINSTREAM MEDIA WITH PEOPLE WHO ARE SYMPATHETIC TO OUR CAUSE– this is the key. Guardian and Independence may be two good papers, but the best coverage is on the mainstream TV channels.**
5. **Help targeted individuals to take this to court, give advice and so forth.** There is currently a case by the Targeted Individual Association / TIA (the main targeted individual association in the UK) that is taking his case to the European court of human rights. If Gary Owens wins then our cases as members will get settled later. **This could be something to help assist with as it is a huge court case.** Another idea is emailing every person in the UK from their doctor questioning possible electronic harassment/ mind control symptoms. A survey and intervention could be done from this and true numbers could be found.
6. **JUSTICE FOR TARGETED INDIVIDUALS AND THOSE WHO HAVE CAUSED THIS JAILED. GOVERNMENTS, ORGANIZATIONS AND INDIVIDUALS COULD THEN BE REPRIMANDED/ CHANGED APPROPRIATELY AND COMPENSATION COULD BE PAID TO VICTIMS FOR LOSS OF EARNINGS, LIFE AND QUALITY OF LIFE.**
7. Provide technology counter measures and shielding solutions (while enforcement is being made), or at least provide funding, or raise awareness. Counter measures could be frequency jammers, commercial faraday cages or other technologies. Dr Robert Duncan would be a good person to speak about this – see whistleblower’s section.
8. **Get the police on our side, raise awareness and educate.** They should be on the front line fighting and enforcing this crime! (but it’s hard for them at the moment due to it largely being a ‘state’ crime and their lack of understanding).
9. **Raise awareness and educate MP’s, psychiatrists, Doctors and those in the mental health profession. Generally, educate the people in these professions. Education of this issue is paramount for the government generally (all sections, people, departments). Have the history recorded accurately for future generations.**
10. Educate the UK public.
11. Adequate awareness raised in the media to the point where they accurately and regularly report this issue including updates in progress.
12. Counselling and therapy provided for those affected (or fundraising/ awareness raised towards this).
13. **For those in the psychiatry profession to be able to rightly identify the difference between electronic harassment and genuine mental illness/anxiety.**
14. Specific electronic harassment laws that give the police the power to investigate any report of electronic harassment straight away with the appropriate technology to track it, report it and investigate it successfully. Note: specific laws are not necessarily needed for the police to ‘do their job’ as these crimes are still breaking laws on torture, harassment and surveillance, but they would help to clarify the issue and raise awareness for police so it’s what is certainly needed.
15. Please also see the goals for Targeted individuals above in this document for other ideas.
16. **In my personal opinion the cell phone networks (and mobile phone providers that undoubtedly know about this) need exposing and the cell phone towers need to be taken**

down legally by the government to stop them being used for mind control. Safer wired technology needs to be made priority again until we can be sure about the safety of wireless technology.

RECOMMENDATIONS FOR YOUR RESEARCH

I recommend:

Contacting organizations that have been involved in various scientific testing procedures regarding targeted individuals e.g. measuring levels of radiation near body, head and so forth, recording symptoms and databasing them. A group that has been doing this already is ICAAT. See contact details here. <http://www.icaact.org/contact-icaact.html#.XGR1QTP7Q2w> You could discuss their results and learn from their experiences...

Or, if needed...

You could prove to yourselves that TI's are being targeted by this technology, by using ICAATs guidance to test and analyse targeted individuals yourselves.

Here is some of the testing they have done...

<http://www.icaact.org/ICAACPhaseIII-Report.pdf>

Note: I believe there are other groups that do necessary scientific testing on targeted individuals as I have come across them in my searches – please 'google' them as they may be able to help you.

Just to let you know I am available for any investigations you may wish to carry out regarding 'scientific' testing. Please get in touch.

GENERAL/ POSSIBLE ADVISED ACTIONS (IN CONJUNCTION WITH THE GOALS ABOVE)

1. **Please speak to all the whistleblowers listed in the whistle-blowers section as a first port of call, especially the ones listed as British** (Barrie Trower may be the best British person to contact). William Binney is an incredibly high-profile American NSA whistleblower and would probably also be your first port of call just because of his worldwide credibility. **These first-hand whistleblower accounts can help assure you that this is genuinely occurring.** Carl Clark and Andy Lewis being based in the UK may also be good British people to contact as well as all of the others.
2. Speak to the targeted individual groups that I have listed above in this document (e.g. TIA, covertharassment.org, FFTI.org etc) and any others that are researching, or have evidence of these crimes.
3. **Read this document thoroughly and intelligently with an open mind. This is key.** Government science and technology is many years ahead of mainstream science (some whistleblowers say up to 60 years plus ahead). This is how they keep control of civilians.

4. Please share this within your team and organization in the UK and to any of your other offices worldwide (i.e. each countries separate branch of your organization - if they exist). In particular share this with the US branch of your organization (if that exists) as this is where a lot of this problem originates from (at least from a geographical/invention perspective).
5. Please share this with any 'powerful' individuals with power and influence (especially MP's) and other groups of 'power', including other human rights organizations, psychiatry organizations and so forth. Let's expose these criminals and human rights abuses together!
6. Speak to me if you need direction or clarification and I will do my level best with what I currently know.

Please stay in contact and if you have any questions regarding this document and are in need of clarification. If in need of pointing to other relevant areas for further research, then please don't hesitate to get in touch.

You have my permission to share this email and its contents to anyone either within or outside your organization, so please do take the initiative to spread the word and raise awareness. We need it!

A NOTE ABOUT WIKIPEDIA'S RELIABILITY

One final thing, please do not believe all you read on Wikipedia when doing your own research alongside the content in this email. **As ex CBS news reporter Sharyl Atkinson says in this TED talk Wikipedia cannot be trusted due to paid publicity seeking clients.** It is for this reason I have only used Wikipedia articles in this document when I am sure about the reliability in them, but generally I prefer not to use Wikipedia. Please see the section of the video below from 3.56 to 5.52 for proof of this.

Note: Ted talks is a site known to get the current leading experts talking on an array of important topics.

<https://www.youtube.com/watch?v=-bYAO-ZZtEU&t=531s>

LOOKING AT IT FROM A BRITISH PERSPECTIVE

FOR LOOKING AT THIS PROBLEM PURELY FROM A BRITISH PERSPECTIVE PLEASE REFER TO WHISTLEBLOWERS BARRIE TROWER, CARL CLARK, GARY OWENS,

ANDY LEWIS AND TIVON RIVERS. REGARDLESS OF WHERE YOU LIVE THERE IS PLENTY OF INFORMATION CENTRAL TO THE TI PHENOMENON.

ASTROTURF (DISINFORMATION)

Another thing worth mentioning is that the CIA, military, corporations and other British organizations also spread Astroturf (please google this term and see last link) which is dis-information to flood out the truth of this issue on the internet and retain control. This is why I listen first and foremost to the whistle-blower testimonies of the people who have been involved in these organizations (and used, seen or heard directly how this technology is used against the public). I also listen secondly to credible researchers who have compiled what these 'first-hand account' whistle-blowers have said and are able to back it up with science and references reliably.

The media in the US are afraid of the CIA according to one source I read recently. I imagine that there is the same fear within UK media circles of the UK intelligence services (amongst those that know the truth!). The reason that the targeted individual phenomenon has remained hidden is largely because of corporate/ elitist control of the mainstream news channels and dis-information campaigns (Astroturf) by the CIA, military, corporations and other UK and international government agencies and intelligence services worldwide. This is the challenge we are facing and why the targeted individual phenomenon has remained largely hidden. However, there is a growing organized movement that keeps growing. Please join the movement! Have the guts to stand up to this corruption in our governments and intelligence agencies! Remember this is a despicable crime and they are engaged in torture.

Please remember the issue is bigger than Snowden

One last point worth mentioning is that you can see from the sources listed in this document that there is already growing public awareness in society of the issue of mass surveillance since the Cambridge Analytica scandal from Facebook and other surveillance crimes. We also see this in the recently won court case of '10 human rights organizations vs the UK.' The huge win for the human rights organizations was a major step forward in ensuring our freedom! What I am trying to say (like the site bigger than Snowden says) is that it is not just the issue of mass surveillance that is important, but it is the targeting issue that is a result of mass surveillance that needs to be brought to light. This is for two main reasons. Firstly, because people who are good decent innocent people are being tortured and the Nuremberg treaty is being broken. Secondly, because when people realize the extent of this targeting it will help laws to be passed and adhered to regarding mass surveillance also. Here is the Bigger than Snowden site below once more if you would like to take another look. Full public inquiry and investigation needs to be done into this from independent groups, human rights organizations and from parliament.

<https://www.biggerthansnowden.com/>

SOME FINAL POINTS

I cannot stress how much many people are suffering from this crime and awareness of this crime in my opinion needs to start from:

- 1) Human rights organizations becoming aware, exposing the truth and backing the Targeted Individual cause to get new laws passed to protect targeted individuals.
- 2) The vast majority of politicians are becoming very aware of this problem and taking action to pass specific laws to protect targeted individuals...

The ultimate goal is a worldwide ban on mind control weapons, that needs to be passed by an international body e.g. the UN, but first the torture on innocent civilians MUST be stopped.

I am going to make a plea. That you please look into this under the following criteria:

- 1) **Approaching the subject with an open mind continuously.**
- 2) **To look into it extensively and thoroughly and continue your investigation until this issue is resolved, laws have been passed and the targeting of innocent civilians has stopped.**
- 3) ***That as a first step you please speak to the Whistle-blowers that are listed in this document to get professional 'in person' advice and converse with them regularly until this issue is resolved, laws have been passed and the targeting of innocent civilians has stopped.***
- 4) **That you please stay in touch with myself. Please ask me anything that you need in order to further your research (I may be able to point you in the right direction).**
- 5) **That you make this a priority above all else as once we lose control of our minds, we lose our humanity and free will. This is no conspiracy or exaggeration.**

Still not convinced?

Here's a question to think about – how can millions of people around the world be saying almost exactly the same thing? If targeted individuals were suffering from mental illness, they would all have their own 'personal' delusions and would not be saying almost exactly the same thing (and going into a lot of depth about it!). When you look at the naturally high percentage of people who have been targeted who are either Dr's, experts of their field, whistleblowers, free thinkers and intelligent truth seekers you can start to see the picture starting to emerge. Things that are fads or delusions quickly come and go.

This is a worldwide phenomenon

Just to reiterated this is not just a UK phenomenon, **but is a huge worldwide problem**. Please do the right thing and join the cause. Out of all crimes that the deep state commits this is probably the biggest one as you are sentenced to a lifetime (in most cases) of mental torture and you are not even a terrorist or criminal. **The vast majority of targeted individuals are just everyday normal people who usually have no history of crime and have no intention of committing a crime**. Other crimes that the deep state commit that need investigating are chemtrail use on the population, human and sex trafficking by elitist groups/ secret societies and so forth. * These crimes are actually related and linked to the crimes being committed with electromagnetic weapons. For example, Chemtrails are used to spray Nano dust which then acts as smaller implants within the body and brain increasing conductivity and the ability of the mind control technology to work effectively. While generally these topics are beyond the scope of this document, I recommend doing more of your own research in these areas to see how they are related. However, I mention these for educational purposes only - the main issues I am writing about in this document are:

- 1) Targeted individuals
- 2) Mind control/ electronic harassment
- 3) Mass surveillance through remote neural monitoring

*Freemasonry is one of the main secret societies implicit in this crime and crime worldwide, due to members being spread throughout society in every single profession and often they hold the highest positions. **Gary Owens from the Targeted Individuals Association talks specifically about this on his website and how the targeted individual's phenomenon is related incredibly strongly to Freemasonry. This organization needs thoroughly investigating and dismantling in my opinion. It is my understanding that most Masons at the lower levels do not understand that they are implicit 'work horses' in this larger corrupt machine that includes these weapons. Here is the TIA site.**

<http://targeted-individuals.co.uk/>

Risk of weapons mal-function

It is also worth bearing in mind for the targeted individual there is no guarantee that these weapons will not mal-function and cause instant grievous bodily harm or death (as oppose to slow death from being irradiated). These truly are dangerous weapons causing a lot of harm to people even without looking at the possibility of error or mal-function.

Reliability

As you can see, I am mainly providing first hand sources (whistleblower testimonies) so this document is not conspiracy. I am outlining the corruption straight from the source of these corrupt agencies with these testimonies.

We need professional help investigating this

I just want to say that I do not claim to know everything about this subject, but I am starting to form some very accurate conclusions based upon the overwhelming evidence of these worldwide crimes. I am continuing to stay open minded also.

There are apparently 2 lines of thinking from my research about who exactly is carrying out these operations in the UK...

1. NASA whistleblower Richard Lighthouse's work may point to the attacks being organized in the US and the weapons being operated in the US at Shriever Airforce base in Colorado (see quote below from Targeted Justice website stating this). However, there have also been whistleblower testimonies by Ex MI5 agent Barrie Trower, Carl Clark and Tivon Rivers saying that the programmes are being run and operated in the UK by British intelligence agencies. We also know that the US and UK intelligence forces share information and work together and that the NSA bases are spread all over the UK and world. Information could come from these bases in the UK and around the world and then the programme could be fundamentally organized and run from the US with Shriever operating the actual weapons – see this link.

<https://www.righthouse.com/targeted-individuals.html>

“We have learned that the **Air Force Space Command in Colorado Springs, Colorado** is the organization that operates the satellites that are targeting individuals all over the world. If you are a Targeted Individual, anywhere in the world, the person that "pushes the button" to hit you with microwaves, sits at a computer desk located at **Schriever Air Force Base**. General John W. Raymond is the Commander. More details in the **TECHNICAL** section.”

Quote taken from... <https://www.targetedjustice.com/>

2. OR the second most likely situation as to how this is run in the UK (and the one that I am more in favour of) is that the targeting operations are largely run by the UK intelligence agencies (as shown by leaked documents shown above on page 12) and that Menwith Hill in North Yorkshire is largely (if not completely) responsible for the deployment of the actual microwave weapons that target civilians in the UK. Please note also that when I say UK intelligence agencies, I am referring to GCHQ, MOD, MI5 and NSA (in particular NSA Menwith Hill) This is shown on the diagram and link on page 12 (and shown again below).

http://www.lambros.name/proffreedom/ct_uk.html

What is clear is that this is a worldwide operation that is being orchestrated as a whole between the UK and US intelligence agencies at the very least on the level of sharing data and colluding. This most likely from research includes the intelligence agencies of other western countries that also target individuals from their own countries.

This is why it is important to speak to the UK whistleblowers especially Barrie Trower and Carl Clark to help to try and determine the exact models of UK and worldwide operation for targeting i.e. which agencies/ countries are involved and at which stage of the process and so forth. Please do your own research too and please help.

Please investigate both of these 2 perspectives deeply to find out the truth of the exact worldwide and national targeting operational models **and particularly in my case for the UK**. Once again, I ask you to please help.

It is also worth noting that it is especially essential to investigate and validate where the buttons are actually being pressed to operate the microwave weapons as this would be a fast track into this investigation to bring down the 'house of cards'.

Summary

To sum up the key facts in this document I would say:

1. The targeted individual phenomenon is a worldwide phenomenon and even more so in the Five Eyes countries (UK, US, Canada, Australia, New Zealand). It is also widespread across Europe and there are even many reports worldwide (even coming from Africa now).
2. It is increasingly affecting growing numbers of people now and this testing has been going on since the 1950's AND since the famous MK Ultra scandal was exposed. There are many declassified documents proving the extent of this scandal.
3. **It will continue to affect more and more people as shown by leaked documents if we do not do something about it urgently. It is the most serious issue humanity faces and is a total control agenda.**
4. It is largely (and at least initially) a crime committed by the intelligence agencies. According to Richard Lighthouse the orders for the programme come from the Council of Foreign Relations (CFR) and are run through the CIA to the other intelligence agencies involved. The NSA is the biggest player worldwide and the FBI plays a big part in this crime. The CIA funds the operation.
5. The Aquarius group is said to be the main group responsible specifically for organizing mind control operations according to leaked documents. Leaked documents have also shown NASA's involvement and the Bilderberg group's involvement, but there are many more groups that are involved (or implicit) including the committee of 300 which seems to be another one of the main players. **On the deepest level the corruption comes from The Jesuits, Illuminati (very real group), The Crown, The US, Israel and is a Christian Zionist (or Zionist) agenda.** The Rothchild and Rockefeller families and other 'elite' owners of the central banks are also involved and are part of the Zionist agenda. **It is important to realize that I am not being racist here, but am literally mentioning the names of states and groups responsible.**
6. **In the UK the intelligence agencies that are responsible for mind control crimes are GCHQ, MI5, MOD and NSA. The US is one of the main proponents of mind control in the world.** The main intelligence agencies responsible in the US are CIA, FBI, NSA, Air Force space command (AFSPC), DHS, DIA, DOJ, Office of the director of National intelligence (ODNI), National Counter terrorism center (NCTC), Homeland Security Intelligence council (HSIC) and fusion centers. The weapons according to Richard Lighthouse are said to be fired from Shriever air force in Colorado by the Air force space command.
7. Corrupted police, mafia gangs, freemasons, regular criminals and even various countries' neighbourhood watch schemes are said to be involved to varying degrees. There is rumour that this technology has gotten into the hands of criminal gangs that have no connection directly to government intelligence agencies, or groups that control the government.
8. **Freemasonry is one of the main links of power throughout the whole structure of society for this corrupt mind control agenda.**
9. **There could be anywhere up to 70 million Targeted Individuals worldwide. Most likely according to the research out there and what I have seen my estimate would be between 5 and 10 million targeted individuals worldwide (individuals who are overtly targeted). Note: being 'overtly targeted does not necessarily mean that the person knows this is happening to them or who is doing it. Even though it is 'overt' the person can still not know.**
10. **Mass mind control of the public has been shown to be a fact by leaked intelligence agencies documents.**
11. The vehicles of Electronic harassment and mind control are Cell towers, Smart metres, Microwave satellites, Drones and helicopters, Portable units.

12. The types of weapons used are said to be Directed energy weapons (DEWs) and can be EMF/ microwave/ RF, scalar/ Nano, Sonic/ acoustic, laser, HAARP, ELF etc.
13. Remote Neural Monitoring (RNM) works on reading the EEGs of a person's brain waves picked up from microwave satellites.
- 14. 5G phone networks are being used to increase the ability to mind control the public and is a modern-day genocide against the public that will likely cause huge rates of cancer, infertility issues, mental health problems and increased death rates. It is being rolled out without adequate industry funded research to show that it is safe. Over 230 scientists from over 41 countries have signed a petition asking for it not to be rolled out. In my opinion, increasing awareness of how mobile phone networks and 5G are one of the principal parts of this mind control agenda is the key to expose the operation and bring it down. We need to call for 'safe' technology.**
15. There is proof for all of this in the document that I have included in the most essential links from the document section on page 90.
16. This agenda is being operated for money, control and depopulation as these elites want to control and keep the resources for themselves with no risk of them running out in future. **Agenda 21 (now called agenda 30) is said to be a key 'driver' in this and is worth researching heavily.** It is the guise of 'population control' under the banner of 'sustainability' and a one world government under the UN, NATO and their global centralized banking system. It is said these groups responsible want to decrease the world's population by 95%.

To really summarise this even further I would say that the main groups that need investigating are the Council of foreign relations, the Aquarius group and the main intelligence agencies involved which in the US are the CIA, NSA, FBI DHS and Airforce Space Command and in the UK are GCHQ, MI5, MOD and the NSA. The NSA is a biggest part of this control agenda as they are such a large global operation with bases across the UK and worldwide and so they are a key part to this investigation. In the UK the operations are said to be run from Cheltenham (GCHQ) and Harrogate Menwith Hill NSA spy base....

Therefore, investigations into Menwith Hill, Shriever air force base must be made the first and absolute priority in my opinion (as this is where the weapons are almost certainly being operated from).

Please remember that I have included two perspectives prior to this in the previous [section](#) based on evidence as to how exactly this is operated worldwide. PLEASE INVESTIGATE FROM BOTH ANGLES TO FIND OUT THE EXACT TRUTH AS TO HOW THIS OPERATION IS RUN IN THE UK AND WORLDWIDE across the board. Finding where the weapons are being operated from will bring down the house of cards.

REMEMBER THESE PEOPLE ARE NOT REPRESENTING THE PUBLIC ANYMORE AND HAVE TURNED AGAINST US. WE ARE PAYING DOLLARS AND POUNDS TO OUR GOVERNMENT AND THEY ARE NOT PROTECTING US BUT ENSLAVING US WITH THEIR TECHNOLOGY AND AGENDA. PLEASE OVERCOME

THE NATURAL INCLINATION TO TURN AWAY FROM THIS SUBJECT BECAUSE IT FEELS UNCOMFORTABLE AND FEARFUL.

A final message

So as a final message I would like to say this: I know I speak for all targeted individuals when I say that we are sick of the lies and torture from the intelligence agencies, government groups, security industries, corporations and criminal groups that use this technology and are fighting for our freedom! We NEED groups like yourselves to make an effort to investigate this issue thoroughly in large teams nationally and internationally. We need communication, investigation and effort. Without these things our society could lose our humanity and our children could live in a world where they are controlled by technology and cancer and infertility are the norm. **This is not a world we want any of our children to live in.** I have listed many perpetrators through my text and links (all playing a part at different levels), but the main perpetrators (at least practically) are the intelligence agencies

Please remember, no one is immune to this and as we know from the NASA war document and the Aquarius group operations document from the Stop the crime website if we do not put a stop to this now, we will all be targeted in this way. Please remember these weapons are being used globally on innocent civilians. **Please do the right thing and help stop the torture, genocide and violation of human rights.**

I would like to meet with you and speak to you further

Finally, I would like to ask for the opportunity to meet with you to discuss in more depth the nature of this issue and how it has affected me and others? I am also free to speak to you on the telephone for any further clarification you may need, or guidance into a further area of research.

Please let me know.

Kind regards and many thanks to anyone reading - it is your duty to help.

I just also want to say I have taken three months out of my life to write this essential report and compile everything I know so please do help us.

P.S. Please make this email go viral by sending it on to every organization and individual of power and standing in society and to anyone you know - friends, family etc. This could be one of the most comprehensive documents for mind

control/electronic harassment with links in the world, so please research and share!

Barrie Trower (the MI5/ RAF whistleblower scientist mentioned in the whistleblower section carried out a fertility report scientific paper. Any genetic damage may pass to successive generations.

Evidence that credible scientists such as Harvard whistleblower Dr Robert Duncan who is mentioned in the whistleblower section (and

who worked for the CIA and DOD previously on mind control technology) has actually been building and testing prototype technology to test on targeted individuals to counter the malevolent use of this technology against victims.

HELP STOP THE TORTURE!

THE MOST ESSENTIAL LINKS FROM THE DOCUMENT

I absolutely urge you to read the whole document all the way through, but I thought I would also include a summary links section to include the most essential links from the whole document that provide the evidence you are looking for. Please join any dots. Nothing has this much evidence and

gets talked about this much without it being real. On google, there are nearly 2 billion search results for mind control, 43 million for Electronic harassment and 207 million for Targeted Individual!

The links are listed in a general order of reading importance. Although all these links provide proof (or some level of), I have specifically noted the ones that provide excellent proof below. If you were just to look at 5 documents, then the first 5 would give you a good overview, but even better would be to go through the whole document, or at least the first 10 links below and that would give a person a good general understanding of the cause. **This is a topic that relies on people being well educated to stand up and make a difference.**

Note: number 5 is the best comprehensive e-book you could read on the subject. Number 4 gives an overview of the phenomenon and why we cannot afford not to be educated on this. Link 2 gives a lot of evidence straight off the bat. Please do not rely on number 4 alone when educating or looking for proof. Full investigation is needed into these links.

One of the best sites on the internet for exposing deep state corruption and The New world order agenda (please keep referring back to this site for new information/ documents etc)

<http://www.stopthecrime.net/>

WHO RULES THE WORLD AND REALLY RUNS THIS PROGRAMME FROM THE DEEPEST LEVEL - These links show how the Vatican rules the crown (i.e. city of London) and the US. My understanding is that the US is largely run through the Crown also. This helps to show who has power and how this corruption has spread that allows practises such as mind control to be a worldwide phenomenon. We as the people must understand who has power in the world and who is abusing it. Together we can free ourselves from this corruption.

Who rules the world?...

All roads lead back to Rome and the Jesuit order and Vatican. The movement for the New world order is one of Christian Zionism and The Black Nobility could be said to be the bloodline families that are behind the Jesuits. America is actually a corporation that is run by the crown and is being used as a scapegoat in the play for world power (NWO). This is even despite the fact that electronic mind control weapons originate from the US and the US is seemingly the worst offender of this crime in the world. Really, the US are a scape goat and it is the powers that are behind them (mainly the Jesuit order, Vatican, Crown and Christian Zionist movement) that need exposing.

Important study by Barrie Trower on wi-fi shows school girls are at risk from foetal abnormalities, stillbirth and genetically damaged children. I include this as an example of the devastating effects that we are facing as a result of dangerously high microwave radiation levels in society that are over recommended and safe limits. 5G will be the pinnacle of this as radiation is set to increase ten times in comparison to 4G current standards

PLEASE READ THE FOLLOWING ON THE FAIR USE OF DISTRIBUTION OF THIS DOCUMENT

Please note that this article is the original property of Mark Williams from:

<http://markwilliamslifecoaching.co.uk/> in the UK.

I am encouraging and allowing **ANY** person to use this email/document to send to any organization, group or individual (especially MP's, politicians) who may be able to help, or simply as a document to help raise general awareness amongst friends, family and so forth.

This does not 'dilute' the accuracy of the research in which I have done in compiling this document just because you may be receiving it from someone else. I have put this document on the internet for this specific purpose to spread awareness as quickly as possible. IT IS A GENUINE DOCUMENT TO RAISE AWARENESS.

Please keep this document in its original format.

Please note: This is one of the most comprehensively and accurately sourced documents on the Targeted individual phenomenon that gives links to expand your research. **This is so that people can learn fast, easily and clearly and not just rely on my words. There is much primary source evidence coming from whistle-blowers testimonies in this document outlining the existence and use of this technology against the public and that is the key. Please share this document!**

Organizations/ individuals you could send it too include:

1. MPs including presidents/ Prime Ministers etc
2. Human rights organizations
3. Government departments
4. Police
5. The intelligence agencies in your country, or those you deem responsible (with a lawsuit even)
6. The health services in your country (e.g. NHS) and especially those departments that deal with mental health/ mental health diagnosis/ psychiatry etc
7. Charities and mental health charities e.g. Mind
8. The DWP or equivalent department for work and pensions in your country
9. Private health care companies e.g. Bupa, Nuffield
10. Insurance companies – they will be very interested to know
11. Doctors
12. Friends and relatives
13. Any other people or organizations you deem relevant

Perhaps offer to spread further awareness to these organizations by offering to go in and do a speech and/or distribute leaflets and posters. Please educate in particular about the difference between genuine mental health conditions and someone who is suffering from electronic harassment.

Note to the person that has been sent this ebook: Please reply to the individual that has sent you the email rather than myself unless I specifically emailed you myself.

Finally, just to reiterate this is a genuinely and intensively researched document and the phenomenon that it describes is very real and is very serious to the freedom of the human race.

Please join the fight!

If you need to verify that this document was written by me and is real then please email me via the contact email on my website above at:

Much love to all, Mark

P.S. Please note that I am British and wrote this document to primarily send to UK organizations, but this document is just as useful to any member of any country despite small differences in the way that this is being run from country to country. The receiver of this article should do specific

research that is relevant to their own country and include these in an accompanying email if need be to explain any differences. Many thanks, Mark
